# The Very Hungry Caterpillar Game

## Instructions

2 to 5 player game

### You Will Need...

- The Very Hungry Caterpillar Game Board
- Caterpillars and butterflies
- Food counters
- Butterfly cards
- Caterpillar cards
- Dice

### Set Up

Set up the game board by placing the caterpillar cards face down on the caterpillar card section of the board. Do the same for the butterfly cards. Each player starts the game with a caterpillar counter. Place all the counters near the start circle on the board. The aim of the game is to collect as much food as possible so that your caterpillar can turn into a butterfly.

### How to Play

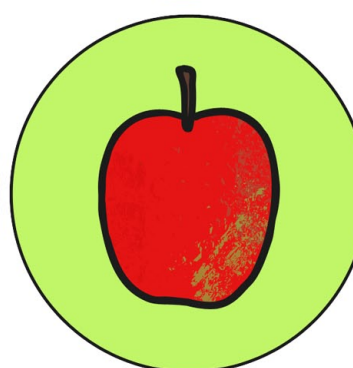

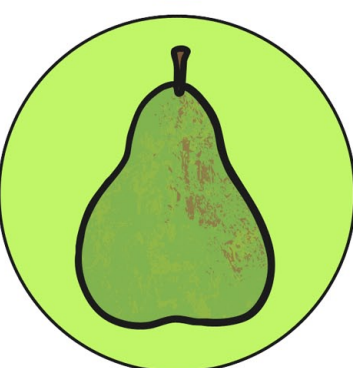

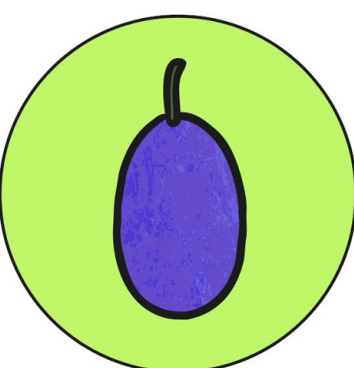

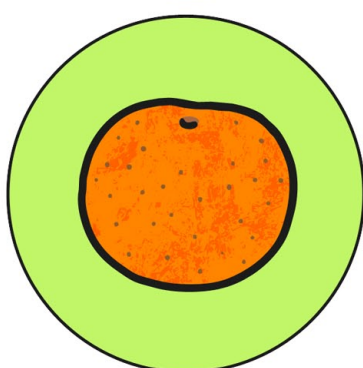

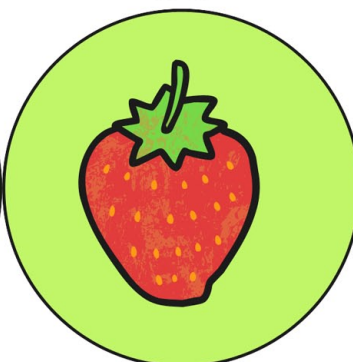

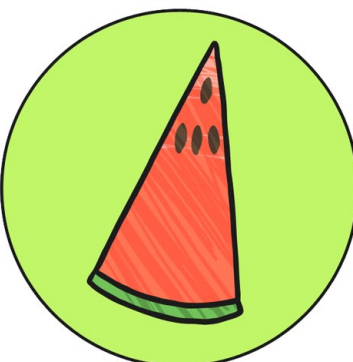

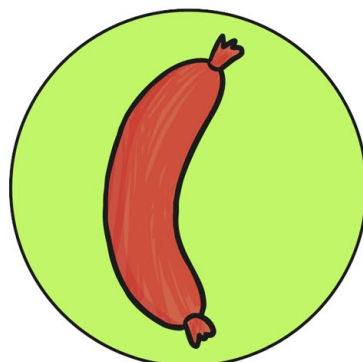

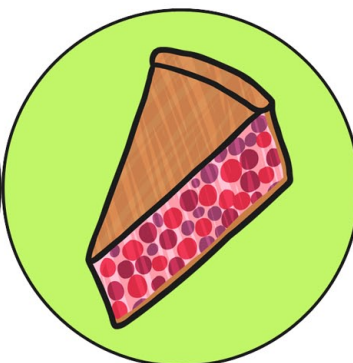

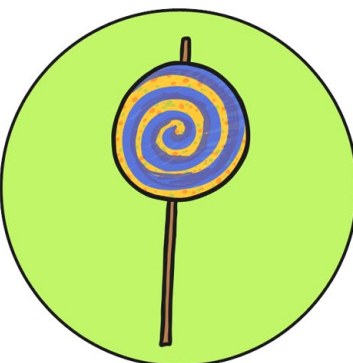

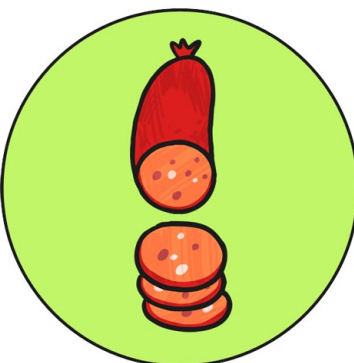

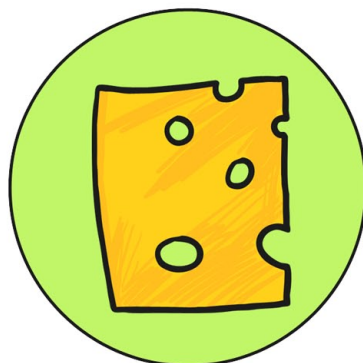

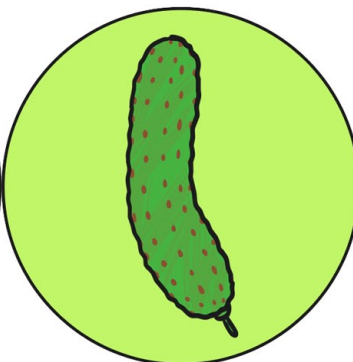

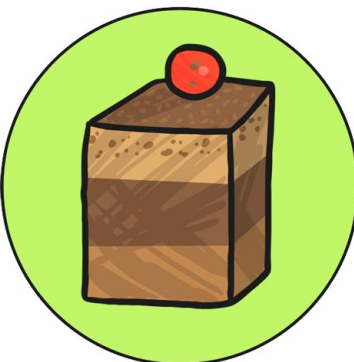

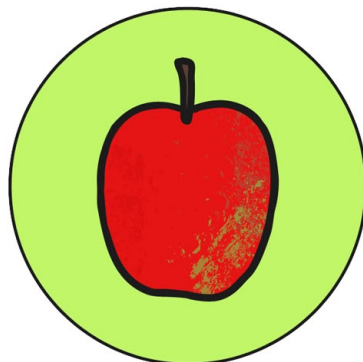

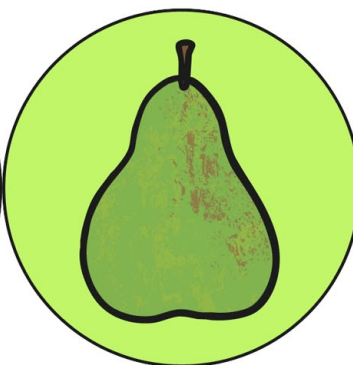

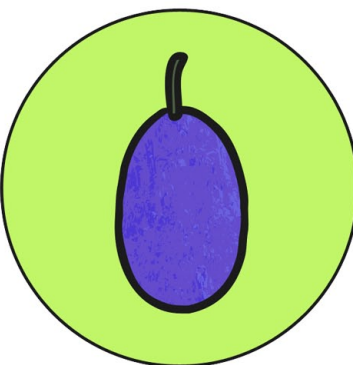

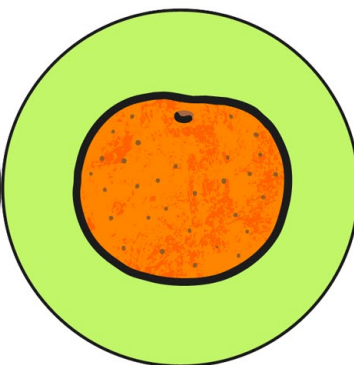

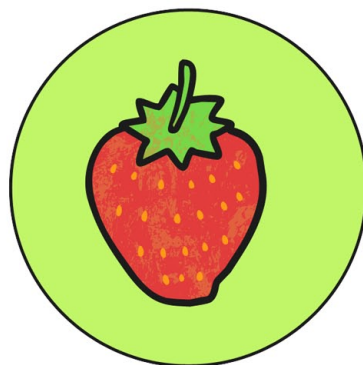

1. The game starts by the first player rolling the dice. The player then moves their counter forwards as many spaces as shown on the dice.
2. If the player has landed on a food space, they can collect a food counter from the counter section of the board and keep it.
3. If the player lands on a caterpillar, they must pick up a caterpillar card from the pile of cards on the board and follow the instructions.
4. If the player lands on a butterfly, they must get the player next to them to pick up a butterfly card from the pile of cards on the board and answer a question. If they answer correctly, that player can pick up a food card.
5. The game ends when all of the players have finished the game. Every player must count their food counters. Whoever has the most food counters can transform their caterpillar into a butterfly, and they have won the game.

### Butterfly and Caterpillar Cards

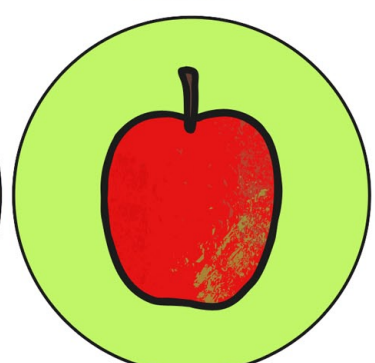

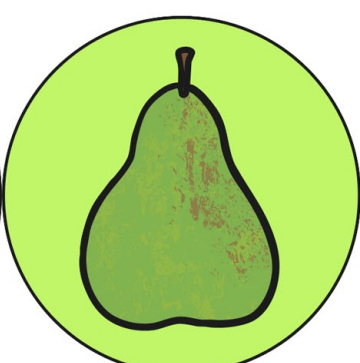

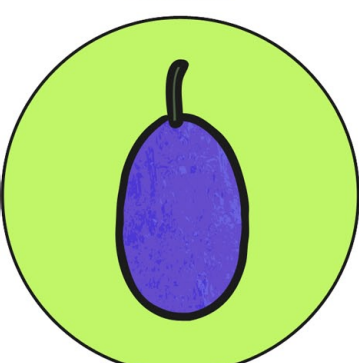

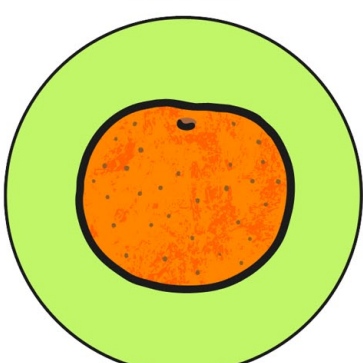

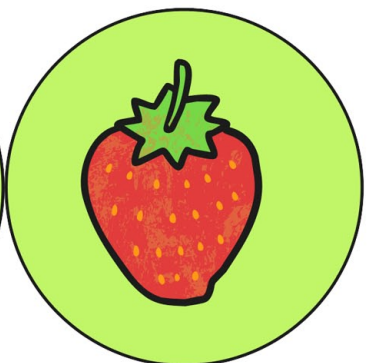

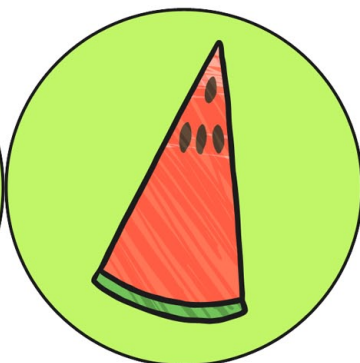

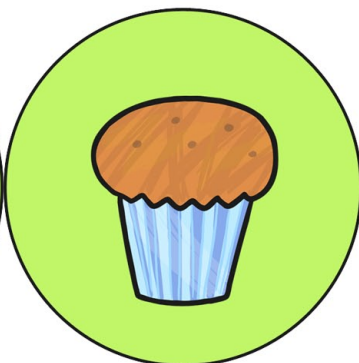

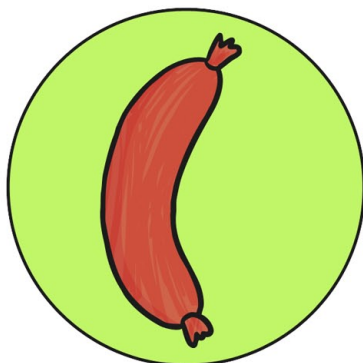

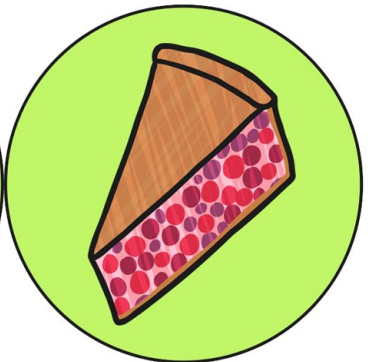

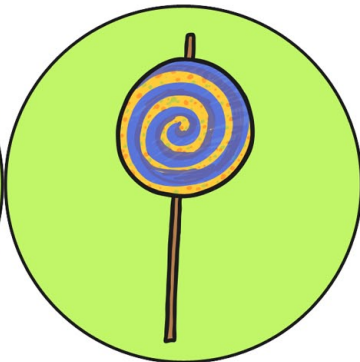

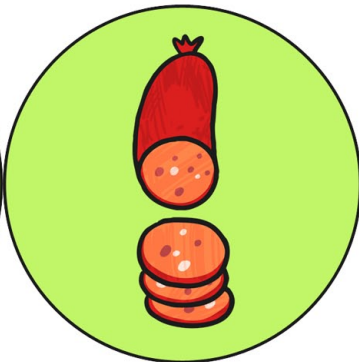

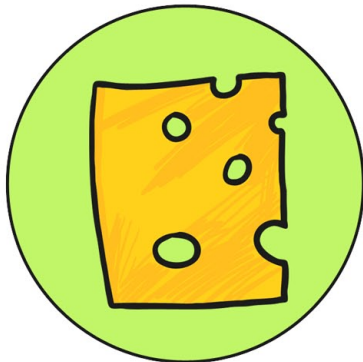

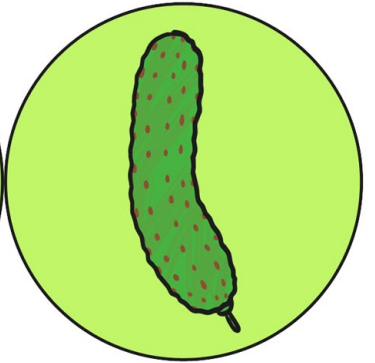

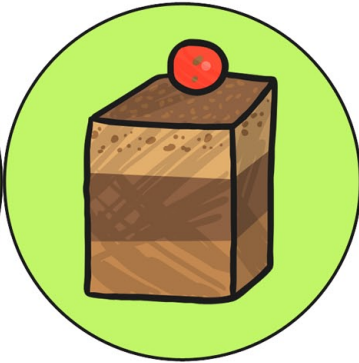

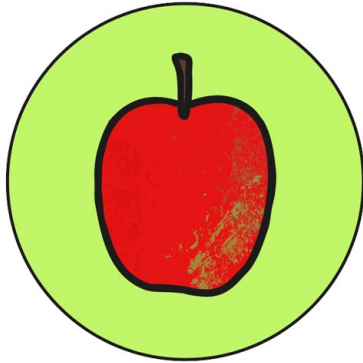

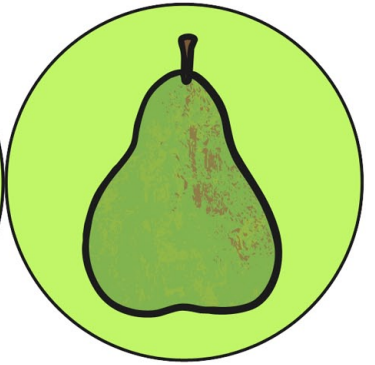

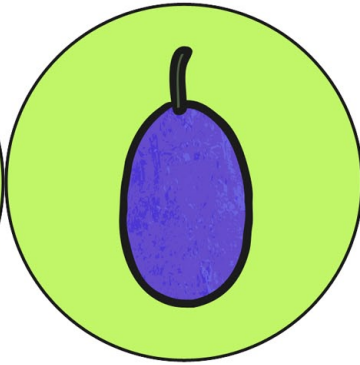

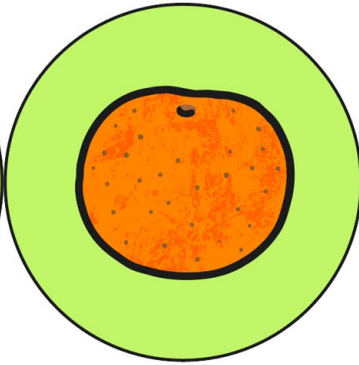

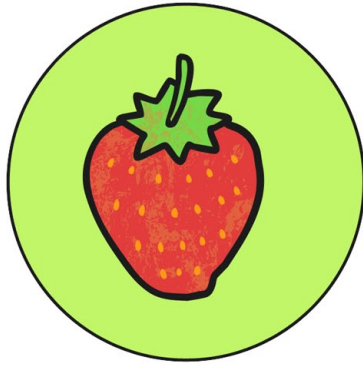

When a player lands on a space with a butterfly or caterpillar card, they need to pick up a corresponding card and follow the instructions. Once the action has been completed, the card is laid face up next to the pile of cards. When the end of the cards is reached, shuffle the cards and place back in the space.
