

HANDISTAND

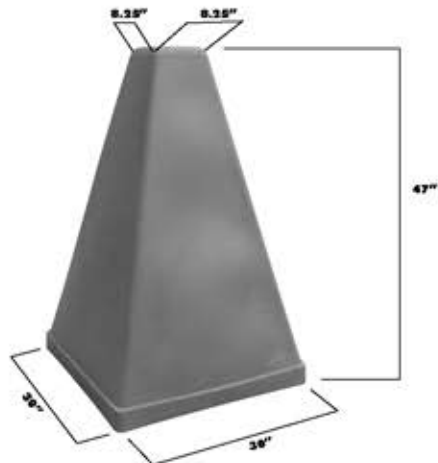

LITE

STACK AND STORE

WHY HANDISTAND LITE?

The Handistand Lite is a straightforward, convenient hand sanitizing station for any occasion. The hollow pyramid shape makes it easy to maneuver and stack for transport or storage. The Handistand Lite's wide 30" square base makes it very stable and accommodates for its light weight. With the capacity to hold four dispensers, the Handistand Lite can be as versatile as you need it. If required, the Handistand Lite can be staked down securely in place with stakes or a weighted 5-gallon bucket.
