You Deserve Peace of Mind With a 2-10 Home Warranty

What Is a 2-10 Home Warranty?

It's an annual service plan that can help you reduce the costs when covered home systems or appliances break down from routine use.

- **A system is something like your plumbing and water heater, electrical system, or HVAC.**
- **An appliance is something major like your dishwasher, refrigerator, or oven.**

How Can a 2-10 Home Warranty Help You?

A 2-10 home warranty gives you a plan to address covered breakdowns to major home items. This plan helps give you more control over your budget. It protects you against unexpected, out-of-pocket costs throughout your homeownership journey.

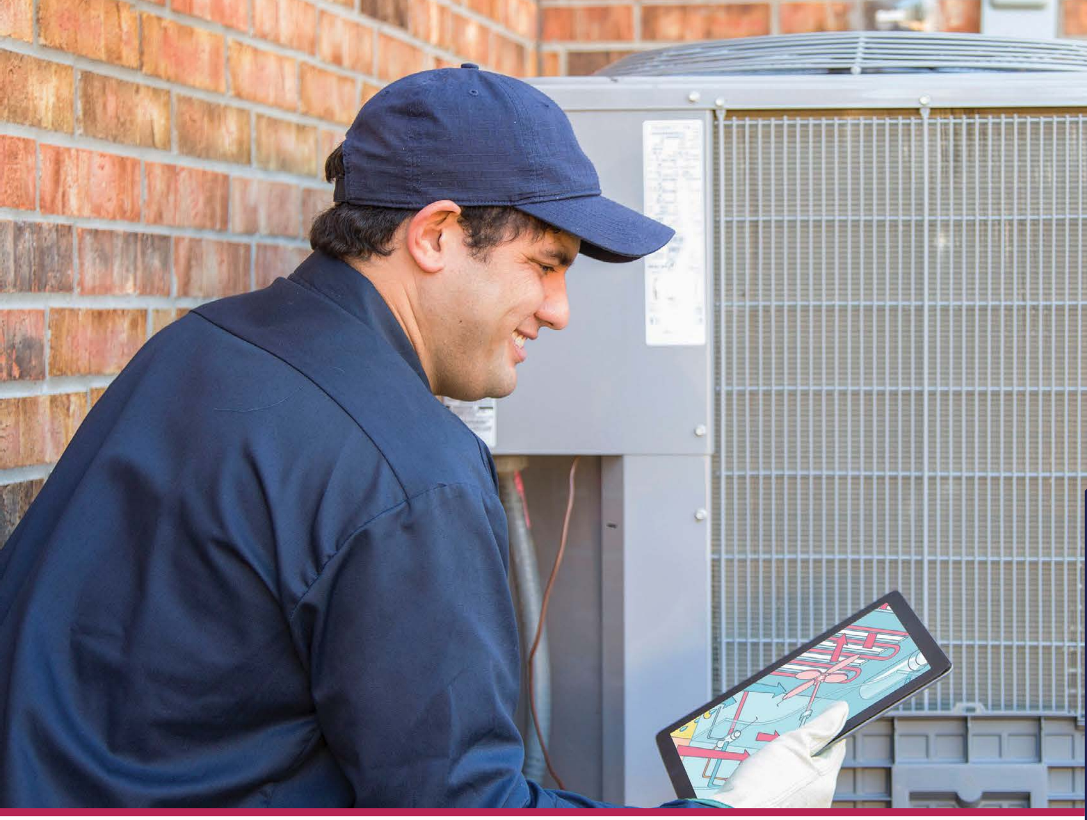
How Does a Home Warranty Work?

1. Request service 24/7 online or by phone at 720.531.6717, and pay your service fee.

2. We assign a qualified, independent repair Pro to diagnose the issue.

3. We fix covered parts of your system or appliance, regardless of age. If we can't repair it, we'll replace it.*

*See the plan agreement at 2-10.com/contracts for coverage details, including service fees, limitations, and exclusions. Coverage limits and charges for non-covered items may apply.



Unexpected is Expensive®

A 2-10 home warranty helps cover things that your home insurance won't, like routine system or appliance breakdowns.

Potential Repair or Replacement Costs Without a Home Warranty*

AC Unit
Up to
$6,000

Water Heater
Up to
$2,000

Refrigerator
Up to
$1,800

Oven
Up to
$1,200

*Repair/replacement cost is the eightieth percentile as reported in a nationwide survey of homeowners conducted in 2024 by ClearVantage for Frontdoor, Inc.

With Coverage Comes Confidence

You deserve peace of mind about one of the most important aspects of your life—your home. With 2-10, you can rest assured that you can access solutions that help cover more of what matters:

- Normal wear and tear, no matter the age of the covered item
- Unknown, pre-existing breakdowns
- Duplicates of the same item, like a second AC unit
- Refrigerant recapture, reclaim, and disposal
- Removal of defective equipment
- Items without maintenance records
- Breakdowns caused by improper installations or repairs; insufficient maintenance; rust, corrosion, and sediment; and mismatched HVAC systems

30-Day Workmanship Guarantee

With our 30-day workmanship guarantee, if you have an issue with your completed repair within 30 days of service, we'll send a Pro back out for no additional cost.
