Congratulations on your decision to purchase a Yorkie puppy! These puppies are a toy breed and therefore the purchaser understand the extra attention and care required in order for them to thrive and avoid conditions such as: Hypoglycemia (low blood sugar) and Dehydration. A small amount (about 1/2 teaspoon) of Nutri-Cal or honey should be given 3 times daily for the first week or so as a precaution to help prevent hypoglycemia. Hypoglycemia can be very serious and cause death if not treated properly.

Buyer acknowledges that they have been informed by the breeder on how to care for these situations. Make sure the puppy is eating and drinking. Food and waters needs to be accessible to the puppy at ALL times. If the puppy wont eat, seek veterinary attention. It is also explained to the buyer that children need to be supervised at ALL times when caring/playing with the puppy. It is the adult's responsibility to make sure the puppy is cared for properly. Limit play time to short intervals (about 20 minutes) and do not allow the puppy to "cry" for long periods of time.

1. The breeder makes no warranty as to the size, features, or color of the puppy when grown.
2. Puppy must be examined by a licensed veterinarian of the buyers choice (at the buyers

expense). Failure to have your puppy examined by a veterinarian renders your health warranty VOID. If the buyer's veterinarian discovers a life threatening defect (limited to the heart, liver, lungs, and kidneys only) the breeder must be notified no later than the date _____ .Puppy is guaranteed until 6 months of age against life threatening congenital defects (limited to the heart. Liver, lungs, and kidneys only).

3. Under no circumstances will there be a cash refund. If an exchange is necessary due to the above circumstances outlines in #2 above, buyer will be issued a replacement puppy of equal value as soon as one is available (within 6 months). If living, the original puppy must be returned to the breeder at Buyer's expense. If the puppy dies, an autopsy must be performed at the Buyer's expense by a state lab or university to determine the cause of death. Autopsy report must state that the puppy died from a congenital defect. No other causes will be covered

Buyer's Signature _____ Date _____

4. The breeder is not responsible and will not be required to reimburse any veterinarian expenses incurred after the purchase date

5. This warranty does NOT cover: adverse reactions to vaccinations, diarrhea, dehydrations, over bites/underbites, retained testicles, breeding ability, infertility trachea problems, open fontanel, luxating patella, coccidia, giardia, fleas, hypoglycemia, allergies, ringworm, etc.
6. Once said dog has left the seller's home, seller is not responsible for any infections, allergies, illness, or behavioral problems that may occur. This guarantee is against life threatening, congenital birth defects limited to the heart, liver, lungs, and kidneys only.
7. This warranty only applies to the original buyer that purchased the puppy and is non-transferable if the puppy is sold or given away.
8. Breeder is no responsible for any issues that arise through AKC
9. This puppy has been wormed prior to sale. With any changes in environment and due to the unpredictable nature of parasites/bacteria. Seller cannot guarantee that the puppy will be parasite/bacteria free. Seller recommends that the buyer present a fecal specimen to their veterinarian to determine the need for any treatment and continuing the worming schedule. Parasites such as fleas, worms, coccidia, giardia, are not covered under warranty.
10. All sales are to be considered initiated and finalized in Camden County, NJ
11. All provisions of the agreement between Buyer and Seller (Breeder) and embodied within this written contract. This signed contract voids any agreements, arrangements, promises, warranties, or guarantee made or understood by either party that are not expressed within this written contract. All aspects of this transfer are final except as stated above.
