

AQUATIC RESTORATIONS

PONTOONS

Our floating pontoons serve as versatile platforms for creating temporary structures such as walkways, bridges, and platforms in aquatic environments.

Utilising a modular system, we offer maximum flexibility in the size and shape of the pontoons, allowing for customized configurations tailored to the specific needs of each project's applications.

- MODULAR SYSTEM
- BUILT TO SIZE
- EASILY ADAPTABLE AND MANOEUVRABLE
- OPTION FOR 40FT STEEL PONTOON (PICTURED BOTTOM RIGHT)
