Lakes, canals and waterways

AQUATIC DIVISION OF

GROUND & TREE CARE

Domestic and commercial contractors

WORKBOATS

Aquatic Restorations stands as the premier workboat provider in the North of the UK, offering operated marine plant for civil engineering, marine construction, and environmental contracts within water-adjacent areas.

As Canal and River Trust approved contractors, we boast a team of skilled marine plant operatives. Our personnel are fully insured, qualified with inland waterways licenses, and hold water rescue certifications, ensuring the utmost safety and expertise in all operations.
