**Criteria for Application Review:** The Fire Code Official shall review a completed Application and conduct such further investigation as is reasonable for the criteria of issuance which criteria are as follows:

- That any proposed sales and use of fireworks outside the normal sales period provided in Section 39-2606, Idaho Code, or proposing the use of fireworks in addition to non-aerial common fireworks will not constitute an unreasonable hazard to persons or property.
- The public display or other event will be supervised by a qualified person and will not constitute an unreasonable hazard to person or property.
- Appropriate national fire protection association or international fire code provisions may be used as guidance for these determinations.

Determination and Decision on Application:

Permit Issued             Permit Denied

Notes:
