CORPORATE EXPERIENCE & PERFORMANCE QUALIFICATIONS

Proven Knowledge Management Solutions for Government and Commercial Organizations

COMPANY OVERVIEW

Collaborative Shared Technologies LLC® provides Knowledge Management, business process reengineering, information governance, workforce knowledge transfer, Microsoft 365/SharePoint modernization, and AI readiness advisory support. The company pursues consulting, subcontracting, and strategic teaming engagements with government and commercial organizations.

DOCUMENTED COMPANY SUBCONTRACT ENGAGEMENT

Knowledge Management Consulting | NewGen Technologies LLC | 2022 – 2023

Engagement Relationship	Knowledge Management consulting services prowided through a 1099 subcontracting arrangement with NewGen Technologies LLC. Associated mission environment identified as U.S. Navy / Department of Defense. Exact customer attribution and releasable scope should be confirmed against the subcontract and any applicable nondisclosure requirements.
Services & Contributions	Enterprise workforce onboarding/offboarding process analysis, knowledge transfer planning, stakeholder requirements, workflow integration, governance recommendations, and ServiceNow/SharePoint-related modernization planning.
Reported Outcomes	Developed a standardized onboarding/offboarding approach; analyzed disconnected tools and manual coordination practices; provided recommendations to improve process accountability, cross-functional visibility, and readiness for future workflow automation. These are qualitative contributions, not independently verified contract-wide metrics.

ADDITIONAL RELEVANT DELIVERY EXPERIENCE

The engagements below demonstrate the technical and mission-domain experience available to the company through its leadership. They are not represented as contracts awarded to Collaborative Shared Technologies LLC®.
