Collaborative Shared Technologies LLC® Earns National Women's Business Enterprise Certification from WBENC

National certification expands supplier diversity opportunities in Knowledge Management, AI Engineering, Enterprise Intelligence™, and Digital Modernization.

Collaborative Shared Technologies LLC® celebrates national certification as a WBENC-Certified Women's Business Enterprise.

UPPER MARLBORO, MD, UNITED STATES, November 6, 2026 /EINPresswire.com/ -- Collaborative Shared Technologies LLC®, a veteran-owned, woman-owned professional services and technology consulting firm, announces its national certification as a Women's Business Enterprise (WBE) by WBEC Metro NY and Greater DMV, a regional certifying partner of the Women's Business Enterprise National Council (WBENC).

WBENC Certification is recognized as the gold standard for women-owned business certification in the United States. The certification strengthens the company's supplier diversity credentials and supports its efforts to expand relationships with corporate procurement teams, government agencies, and prime contractors.

"Earning WBENC Certification represents an important milestone for Collaborative Shared Technologies LLC® and reflects our commitment to delivering meaningful value to government agencies, prime contractors, corporations, and other organizations," said Asha Aziza Peterson, Founder and Chief Executive Officer. "As a woman entrepreneur and retired United States Air Force veteran, I am proud to join the WBENC community. This certification strengthens our ability to build strategic relationships, pursue new opportunities, and contribute to an ecosystem where women-owned businesses can grow, compete, innovate, and create lasting economic

impact."

Delivering Knowledge, AI, and Technology Solutions

Collaborative Shared Technologies LLC® provides integrated consulting, technology development, and professional services across six core capability areas:

- Knowledge Management and Enterprise Intelligence™: Knowledge strategy, governance, knowledge transfer, organizational learning, knowledge architecture, and institutional knowledge preservation.
- AI Engineering and Development: AI solution development, AI agents, Prompt Engineering, intelligent automation, AI-assisted workflows, and intelligent information retrieval.
- AI-Enabled Database and Website Development: Database architecture, development and integration, website design and modernization, intelligent search, and AI-enabled digital functionality.
- AI Readiness, Strategy, and Governance: Organizational AI readiness assessments, responsible AI governance, adoption strategy, workforce readiness, and implementation planning.
- Digital Modernization and Business Process Automation: Microsoft 365, SharePoint, Microsoft Teams, Power Platform, Lean Six Sigma, workflow automation, and process reengineering.
- Information Governance and Management Consulting: Records and information management, organizational transformation, program support, change management, and workforce development.

COLLABORATIVE SHARED TECHNOLOGIES, LLC
Spreading our technical roots everywhere

Collaborative Shared Technologies LLC®, creator of the KnowledgeRoots™ Enterprise Maturity Framework™ and innovative enterprise Knowledge Management solutions that help organizations strengthen governance, organizational learning, process excellence, and

> Earning WBENC Certification strengthens our ability to build strategic relationships, pursue new opportunities, and create lasting economic impact as a woman-owned business."
>

Through these integrated capabilities, Collaborative Shared Technologies LLC® helps organizations reduce Knowledge Debt™, improve information accessibility, modernize technology environments, strengthen decision-making, and establish the knowledge, data, and governance foundations necessary for responsible AI adoption.

Strengthening Supplier Diversity and Strategic Partnerships

WBENC Certification involves an in-depth review of business ownership, management, and operational control, including a site inspection. The certification process verifies that a business

is at least 51% owned, operated, and controlled by women.
This national certification complements the company's existing veteran-owned, service-disabled veteran-owned, woman-owned, and minority-owned business credentials.

Through WBENC's network, Collaborative Shared Technologies LLC® seeks to expand relationships with corporate procurement leaders, supplier diversity professionals, technology integrators, and prime contractors pursuing qualified subcontracting partners.
