About Life After Loss

"I wanted to create a space where women would not feel alone in their grief or healing journeys after experiencing loss."

~ Joinne' Chandler, Author of Life After Loss: 30 Days of Hope for Moms Grieving After Miscarriage

"Life After Loss" is a 30-day devotional offering grieving mothers encouragement and hope after miscarriage. The Bible is filled with women who have suffered loss. When I was going through my miscarriage, I had a hard time finding Christian resources to help me get through my devastating loss. That's what prompted me to create a book so other women wouldn't grieve alone.
