WITH SOOTHING  
ALOE VERA

My-shield® manual and automatic, hand sanitizer & sanitizing soap dispensers use a bag type refill that simplifies replacement and reduces waste. Each dispenser delivers a premeasured amount of liquid or foam sanitizer per application – giving approximately 3000 uses per refill. The sight glass indicates the level of sanitizer remaining. The added capacity of 1200ml refill bags reduces replacement labor costs by 20%.

- Premeasured Hand Sanitizer or Sanitizing soap per use
- Up to 3000 uses per refill
- Push-style dispensing mechanism
- Easy-to-replace refills, no contamination
- Attaches to any wall in minutes
- Refill bags come in a convenient 4 pack
- Available spill tray option
- Available floor stand option
