

MERIT Training Programs

Clandestine Lab Certification Course

40-hr OSHA Based Certification Training
May 24-28, 2021 Slidell Louisiana

Annual Clan Lab Refresher

8-hr Annual update for continued certification
May 25th (Lecture Recert) or May 28th (Live Drill Recert)

**COVID Pandemic Protections i.e., will be adhered to for your safety and agency requirements.
SEATS ARE LIMITED FOR THESE CLASSES!**

Clandestine Lab Certification Course is based on the OSHA 40-hr HAZWOPER training but specialized to clandestine meth labs and Cartel smuggling, synthetic opioid trafficking, and illicit marihuana processing. The course consists of lecture, practical training, and a live drug lab processing drill on Friday.

Annual Clan Lab Refresher is for those personnel previously certified in a 40-hr clan lab response course. This training meets the criteria to maintain the certification. Personnel can choose between a lecture recert (May 25th) or live recert (May 28th). Those choosing the live recert should bring a change of clothes, clean shaven, and be prepared to make entry into the clandestine drug lab.

Online Annual Recertification. Because of COVID issues many agencies have asked for an online annual recert. MERIT Training Programs now offers an online class. To view the curriculum please go to www.MERITTrainingPrograms.com and click the link or scan the QR-Code below. Agencies previously trained by MERIT can use the promo code MTP-21D at registration for a 33% discount.
