Questions for school board candidates

1. What is your history with the school system/school board? Former student? Teacher/staff member? Parent of current or former student?
2. Are you familiar with the curriculum at each level? If so, what will you do to improve student progress and performance, graduation rate, college/career readiness? Does the curriculum address the technological needs for students to survive in a constantly changing world?
3. Teachers and students are, for the most part, still dependent on textbooks whether in hard copy or online. How and by whom are district textbooks selected? Teachers? Supervisors? Parents? How often are textbooks for each discipline adopted?
4. Other than attending school board meetings, how active will you be in the education process? Attend school functions? Will you tour schools in order to detect facility needs? Talk with teachers? Students? Parents?
5. Other than COVID-19, what is the most important issue facing our district and how will you address it?
6. What is your understanding of school Choice and do you support it?
7. What is your understanding of School Funding?
8. Would you support teaching the Constitution? Why or Why not
