KILN FIRED

Taste is the accumulation of primitive, only the understanding of tableware design that has accumulated for many years can create the Water Life series.

STORAGE SHOW

A hand is holding a round ceramic plate with a blue and white gradient and water droplets. The plate is on a white table with other items: a blue vase with a white flower, a glass of water, a glass of wine, and a set of silverware. The word 'ULAN' is written in white capital letters above the vase.

The scenery series is a brand new series launched by Alaniz. It combines the simple texture with high temperature clay. The delicate feel shows the natural beauty of clay.
