WHO GOD BE (T'AIN'T A QUESTION)

God be a sissy
And a bulldagger, too.

I seen him cruisin' one day.
Our eyes locked
And his sheer beauty knocked me out.

I was struttin' down the av'nue
When I seen her in a muscle shirt
An' some cut-off jeans.
She was schoolin' some fool 'bout the word "fish."

Allah be a sissy
And a bulldagger, too.

Chile, I caught him readin'
Preachin' to a crowd 'bout the "isms."
Never heard words more powerful
Seen a crowd more moved.

Once,
She was sittin' with the children
Speakin' of unconditional love,
And societal ruin.
Thought I'd cry for days.

You see, Jehovah be a sissy
And a bulldagger, too.

Sometime I see her tall and beautiful
Wit' locks trailing down her ass
And brains to match the blade of her passion.

Sometimes I see him slumped and miserable.
Stooped over from the footsteps of Life
And the trials only such as we can know.

But I know we goin' keep on.

Cuz you best believe
The lord be a sissy
And be a bulldagger, too.
