RE: Notice of Termination of Permit to Discharge
1875 Taylor
Permit No: COR411758

As a follow-up to your request for termination of the permit referenced above, this letter is an official notice of termination of Colorado Discharge Permit Number COR411758. The Division has reviewed the information provided and has determined that eligibility requirements for permit termination have been met. This determination is based on the information provided in the Termination Application, and, as applicable, other information available to the Division. The Division has not verified all of the information contained in your application and has relied upon your signed certification to determine that the information is true, accurate, and complete.

This permit termination has been issued on 2023-10-10. The effective date of the termination will be **11/01/2023**. You must complete and submit any reports required by the permit, such as discharge monitoring reports and annual reports, for full or partial monitoring/reporting periods prior to the termination effective date.

Should you need discharge authorization in the future, you will have to obtain new permit coverage.
