To give all of our men the best chance to recover, there are certain rules to follow & requirements to be met while living at our houses:

- Maintain sobriety and pass random drug and alcohol screenings
- Active participation in a 12-step program
- Regular attendance at 12-step meetings and regularly scheduled house meetings
- All residents must seek and obtain employment
- Follow house rules

Co-owners of Daley Reprieve, Mark and Jim Daley are also brothers who lived through the horror of Mark's active addiction together. They made it through to emerge on the other side where there is recovery.

They experience the joy and freedom of sobriety and wish to pass this gift on to others who are struggling with their own addictions... and that is how Daley Reprieve was born !
