The tour is based in the beautiful 11th century village of San Gusme in the heart of Chianti Classico. Experience a week of extravagant wine tastings, plus bountiful cooking and dining. Your accommodation is in the quaintly remodeled Castello built into the walls of the ancient village of San Gusme, perched above rolling vineyards, poppy painted fields and olive groves.

Wine & Dine Under the Tuscan Sun is our updated Italian tour hosted by the people who live and breath the splendor of Tuscany. Each day we explore a new corner, including tours and tastings at some of the most magnificent wineries in Italy. You will learn about traditional wine making techniques, as well as the latest trends and be welcomed by famous winemakers as you share their table and discover how passion drives Italian winemaking. Among our varied visits we'll introduce you to some of our favourites; Tenuta di Arceno, whose rolling vineyards you see from our Castello, have planned a multi-layered tasting for us. Join winemaker, Lawrence Cronin, in the sun drenched tasting room as we taste sumptuous wines, plus their delicious olive oil. Our friends at Tolani have a fun blending seminar planned, followed by a family style feast overlooking

Sieneese hills. A Brunello focused day will include a visit at Terrasole, where the art, music and the gardens of the home of Mario Bollag and Athena Tergis are the backdrop for their vineyards.

We have so much more planned for you. Learn, linger and luxuriate with us for this dreamy week in Tuscany.
