Bush Hogging /Lot Clearing Acknowledgment

I hereby acknowledge that I understand that bush hogging is defined as removal of underbrush and saplings (trees with a diameter of less than five inches at the five-foot height) and that all debris produced by bush hogging will be removed from the lot. I understand that burning is not allowed. I further acknowledge that I am aware violations of these guidelines may result in fines and/or the replacement of trees of similar stature removed in violation as determined by the ACC.

I understand that I may not remove any tree in excess of five inches in diameter at the five-foot height without the written permission of the ACC

I understand that any violation of this policy will result in immediate referral to the ACC's attorney for legal remedy.

I will not conduct and bush hogging/clearing operations without the written approval from the ACC.

I will give ACC advance notice of the date and time of this work. A member of the ACC will be on site to oversee the process, therefore it is imperative that both the bush hogging and lot clearing date and times are accurate.
