Notice regarding Unkempt Construction Site

(4-12-17)

Construction sites must be kept clean - clean being defined as being free of scrap/residue paper, plastic, cans, construction material debris, and or any other such construction materials as is no longer needed for the construction project plus any other debris not defined. Construction sites will be cleaned up on a daily basis with no debris left lying around. Construction materials required to be used at a future time will be stacked and kept in a tidy condition.

In the event of a violation, the builder will be contacted and the site will be cleaned up by the end of the next day regardless of the day of the week. If the site is not cleaned within the allotted time, legal remedy will be vigorously pursued which may include fines in the amount of the maximum allowed by law, stop work order, or any action recommended by our attorney.

I hereby acknowledge that I have received notice of the above policy. Advise
