

June 1, 2026

Hello ISRC BOD, College of Monarchs and ICC Nomination Committee,

It's my honor to nominate Rose Empress XLIV Dr. Poison Waters for the position of Queen Mother II of the Americas. When I first heard she was interested, I said, "she would be a WONDERFUL Queen Mother!".

I first met Poison in 1992 and have enjoyed watching her grow from a head strong baby queen, to a legendary icon and trailblazer, not just in Portland, Oregon, but throughout the ICS. Poison is hardworking, honest, a good listener and natural team player. I love having her at my annual fundraiser here in Denver for the Parkinson Association of the Rockies.

She has been named as one of my newest daughters and I'm so proud to have her a part of the Montaldo family.

Thank you very much,

Queen Mother of all Colorado

The Distinction of the Crystal

The 24 Kt. Gold Empress

Empress XXIV

Nina Montaldo
