

To Whom It May Concern,

Please accept this letter as my official endorsement and nomination of Sabrina H. Seville for Queen Mother 2 of the Americas.

Throughout my experience with Sabrina, she has consistently demonstrated the ability to lead with integrity, compassion, and a strong sense of responsibility. Rather than simply directing others, Sabrina leads by example, earning the trust and respect of colleagues, volunteers, and community members alike. This is clearly apparent in her work with the Snowy Owl Monarchist Society/Imperial Sovereign Court of Winnipeg and all of Manitoba, as well as her advocacy, and tireless and thankless efforts within the International Court Council, and beyond. She has shown an impressive ability to bring people together around common goals, encourage collaboration, and inspire meaningful action throughout the vast membership of the International Court System, our Allies, Partner Organizations, and Communities.

What is equally noteworthy, is Sabrina's genuine and undying care for the well-being of community members. She consistently goes above and beyond what is expected of her to support individuals in need, advocate for inclusive opportunities for all, and contribute to initiatives/opportunities that strengthen the community. Whether through volunteering, mentoring, organizing programs, or providing direct support, Sabrina demonstrates a sincere commitment to improving the lives of others and the community at large.

Personally, I have had the pleasure of being an individual who has benefited from knowing Sabrina on not only a professional level as our Board President, but as someone I now consider a close friend, and my family. Sabrina came into my life in a time where I was racked with self-doubt and unsure of my own place in our community. Sabrina took the time, and effort to ensure that I was not only welcomed into our scene in Winnipeg, but to encourage me to live my authentic self. Sabrina has always been one to put others before herself, and it is apparent by the large groups of people who lean on her for support. Sabrina has always taken the time to uplift me, validate my gender fluidity, and ensure that I knew my place in the world. Sabrina has opened up her heart to me on more than one occasion, and I am truly blessed that I can rely on her for her undying support. Sabrina has saved my life on more than one occasion, and I am truly thankful for her support and commitment.

What distinguishes Sabrina from others is the combination of strong leadership and authentic compassion. She approaches every responsibility with humility, respect, and a desire to make a meaningful difference. The positive impact she has had on the community in Winnipeg, as well as communities internationally is evident in the relationships she has built and the trust she has earned.

I wholeheartedly endorse Sabrina H. Seville and believe that not only would she would be an outstanding candidate for the title of Queen Mother II of the Americas; she is the only person that has the combination of leadership experience, dedication, and heart to carry the ICS forward into the future.

I remain,

TMISM Demanda
