

To Whom It May Concern,

It is with great honor and enthusiasm that I recommend Alexis Nicole Whitney for the esteemed position of Queen Mother of the International Court System.

I have had the privilege of knowing Alexis for approximately 12 years, during which time I have consistently seen her unwavering commitment to service, advocacy, and leadership. Alexis has dedicated more than 30 years to active involvement within Houston's LGBTQ community, working tirelessly as an advocate not only for transgender rights, but also for disability rights and awareness.

Alexis is an exceptionally compassionate and visionary individual who has a profound understanding of the values of prosperity, inclusivity, and unity. She proves the integrity, professionalism, and leadership necessary to guide the International Court System forward with purpose and distinction.

Among Alexis's many strengths are her remarkable ability to connect with and inspire younger generations. She recognizes the importance of cultivating new voices and fostering engagement to ensure the continued growth and success of the organization. Her leadership style is genuine, motivating, and highly effective, enabling her to build meaningful relationships and encourage collaboration toward shared goals.

Alexis leads with compassion, resilience, and vision. I am confident that she would serve with distinction as Queen Mother and would help guide the International Court System toward a future grounded in inclusivity, compassion, and prosperity.
