To whom it may concern,

I am writing to provide my endorsement for Alexis Nicole Whitney to be elected the next Queen Mother of the Americas for the International Court System. I have been a respected member and fundraiser for the Houston Texas LGBTQ+ community for over forty years. I am co-founder of the Lady Victoria Lust People with AIDS Holiday Charities foundation and through my work in raising funds for people in our community of have received many awards and accolades from most of our local organizations including becoming an honorary lifetime member and title holder for the Empire of the Royal Sovereign Imperial Court of the Single Star, Inc. and recognition from ICS.

I have taken a strong notice of Ms. Whitney's hard work, ethics and community leadership for some time now. She has always displayed a genuine caring for others, takes an unbiased approach to every endeavor, and carries herself with grace and dignity. She continues to support not only the Houston Court as a past Monarch, but I continually see her supporting my charity, as Girl of Montrose, and other organizations on a full spectrum of community involvement. I find that her heart is dedicated to giving whatever assistance she can to help the quality of life for any and all within our community. Her leadership abilities are evident by the base of supporters she has gathered here in Houston and her ability to focus herself and them in a way that accomplishes more for the betterment of all. In my humble opinion, I believe she holds all of the qualities that I would expect and look for in the Queen Mother of the Americas and think she could bring integrity and value to your organization.

Thank you for allowing me to make this recommendation and providing my insight.

Regards,

Don Gill
