Subject: Re: Quote from Governor Kotek

Thank you! Here's a quote from Governor Kotek:

"For nearly four decades, Poison Waters has been a powerful voice for Oregon's LGBTQ+ community - raising critical funds for local charities and honoring the legacy of trailblazers like Rose Empress Darcelle. She has the heart, the experience, and the vision to lead the International Court System into its next chapter as an extraordinary Queen Mother of the Americas." ~Oregon Governor Tina Kotek
