Imperial Sovereign Rose Court Board & College of Monarchs
International Court Council Nomination Committee

Dear Selection Committee,

We are delighted to recommend **Poison Waters** for the Queen Mother of America's position. Poison's brilliance as an entertainer extends far beyond the stage. Since 2009, Poison has been the heart of our Assistance League of Greater Portland's fundraising events. She has been an emcee, judge, auctioneer, entertainer and cherished friend of our entire community. In fact, she is so popular "giving back" to the nonprofit community, that we typically have to book her a year in advance!

Poison possesses a rare combination of professionalism, charisma and generosity. She elevates every event with her quick wit, impeccable timing and magnetic stage presence. She brings people together—across generations, backgrounds, and identities, creating an atmosphere where **everyone** feels welcome.

Over the years, Poison has helped us raise significant funds for our philanthropic programs, but her impact cannot be measured in dollars alone. She brings heart. She brings humanity. Her commitment to uplifting others is almost as impressive as her wardrobe!

Look no further, **Poison Waters** is the total package: heels, humor, heart and humanity. We can think of no other individual to carry this title with pride, passion and distinction as we wholeheartedly recommend her for this prestigious position.

Best,

Carol Bergseng c.bergseng@comcast.net
Robbie O'Brien robbieobrien@comcast.net
