

## **Announcement from the International Court Council President on behalf of Queen Mother of the Americas Nicole the Great and King Father of the Americas Terry Sidie**

Early in her leadership of the International Court System, Mama Jose developed a group of advisors. That grew into the International Court Council and thus created traditions that we honour today with the listing of the 2025 Council Members. Queen Mother Nicole the Great served as Jose's Council President for years before Jose stepped down and anointed Nicole as her successor. As then, any Court or individual can recommend persons for service on the Council and while the Queen Mother may consult with Boards, trusted advisors, Monarchs Councils and others, it remains the sole provenance of the Queen Mother to appoint Council Members.

Council Members do not represent a Court, they work for the betterment of the International Court System. Council Members are not required to be past Monarchs. This year the 80 Council appointees include 10 non-monarch members and for the first time ever 4 Emprex titleholders. In this, the sixtieth year of our organization, a year dedicated to activism, we must engage all of our members and communities. The following persons have been appointed to the 2025 Council by King Father Terry Sidie and Queen Mother of the Americas Nicole the Great:

Emperor Aleksy Romanov, Georgia
