TRAINING DESIGNED FOR LAW ENFORCEMENT BY LAWYERS WITH LAW ENFORCEMENT EXPERIENCE

COURSE COST: \$99.00

## Stop, Detain, Arrest:

A police officer's core responsibilities include interactions with suspects, detentions, searches and seizures that—*notwithstanding* the dangerous conditions accompanying those activities—require an awareness of the requirements, limitations and flexibility of the Fourth Amendment and related legal considerations. Otherwise, a successful criminal prosecution may be impossible, and an officer may be susceptible to civil liability for a purported constitutional violation. This practical class—taught with an interactive methodology by lawyers with considerable law enforcement experience—is designed to promote an understanding of the practical application of the constitutional tools that are prerequisites to

legally sound field investigations and successful prosecutions.

Prepared with both an academic *and* practical perspective in mind, this class covers fundamental Fourth Amendment issues such as: Reasonable Suspicion, Probable Cause, Stops, Stop and Frisks, Searches, Arrests, Warrants, Pursuits, Liability and more.
