

Law Enforcement Use of Deadly Force: Before and After

February 11, 2019

0800-1600

This course will:

- Assist officers in understanding the threshold decision of the use of deadly force by reviewing relevant Constitutional concepts and State Laws.
- Assist officers in understanding the aftermath of a use of deadly force decision by reviewing the Attorney General's investigative process and the potential *criminal*, *civil*, and *administrative* consequences of the use of deadly force.
- Learn lifesaving medical actions including *hands-on training* for hemorrhage control, tourniquet application, airway control techniques, and relevant indicators for shock.

Location: **Bangor Police Department**
240 Main Street
Bangor, ME

Course Instructors: *Michael Cunniff, Esq.* a lawyer experienced in critical incidents involving law enforcement uses of deadly force, internal affairs matters, and the defense of civil rights cases brought against public officials; *Scot Mattox, Esq.* Former Portland Police Department Internal Affairs Sergeant; and Paramedic Instructor, *Dan Thompson, EMT-P* of Tactical Services; LLC.
