ABOUT ME

Philosophy

My philosophy of education is that all children are capable of learning. I have organized my facility so that the children are self-motivated

Mission

Erika's Learn & Play Childcare exists to provide a safe, developmentally appropriate environment for infants through school age children. Our focus is to provide a stimulating early care and education experience which promotes each child's social/emotional physical and cognitive development.

Certification

Erika's Learn & Play Childcare is Licensed by Department of Welfare as a Family Childcare facility.

Keystone Star 4 Facility. We strive to move to accreditation by spring 2022.

Definition of Family

In this handbook when I use the term family, I am referring to a parent, legal guardian, sponsor or anyone else who provides for the well-being, best-interest and responsibility of your child in my care.

Hours of Operation

Child care services are provided from 6 AM to PM seven days per week.

The summer time the schedule will be slightly different only if Miss Erika will take vacation time.

Evening & Night Care

With advanced notice, I do provide care between the hours of 11 PM to 6 AM. Children in care during the night time follow a schedule designed to replicate activities typical of your child's routine at home. I have an evening and morning schedule of activities planned for the hours when children are awake. Children who attend partially through the evening hours have the opportunity to sleep as needed. Children are served the evening meal if present at that time. A night-time snack is available, and breakfast is served to all children in care for the night unless the parent specifies otherwise.

Emergency Substitute Provider

In the rare case of an emergency situation, I will call my emergency substitute provider Phyllis Brown. S/he will come to the facility to stay with the children during my absence. In the event that I cannot secure a qualified substitute during an emergency, you or your emergency contact will be asked to make arrangements to pick up your child (ren) and the program will close for the remainder of the day. Should this need arise, you or your emergency contact shall pick up their children within 15 minutes of receiving the call.

I will provide my emergency substitute provider with a brief orientation that will include the names and ages of children present, arrival and departure information for each child including the names of people authorized to pick up your child, the location of the children's files including emergency contact information, consent for emergency medical treatment and any special health care needs. The emergency substitute provider will have appropriate credentials and clearances. Names of approved substitutes will be provided to you and a list will be posted on the bulletin board.

Holidays

I am closed for ALL holidays: Martin Luther King Day, Presidents Day, Easter Monday, Memorial Day, Fourth of July, Labor Day, Thanksgiving Day, Black Friday, Christmas Eve, Christmas Day, New Year eve, New Year Day

There will be early closings on TBD you will have notice should this occur.

Admission & Enrollment

All admission and enrollment forms must be completed and enrollment fee and first tuition payment paid prior to your child's first day of attendance.

An enrollment fee of \$25 is due at the time of enrollment. This fee is non-refundable.

Based on the availability and openings, my program admits children from 6 weeks to 13 years of age.

My process for introducing children to my program is immediately make the child feel welcome during circle time we play games and make the child feel welcome.

Children are admitted without regard to race culture, sex, religion, national origin, or disability. I do not discriminate on the basis of special needs as long as a safe, supportive environment can be provided.

Waiting List

Children will be enrolled from the waiting list in the order from which they are listed. A family with a child already enrolled my program will be given priority.

Adjustment/Trial Period

My program is a fun and exciting place for children to experience and learn about their world and make new friends. But it does take time for a child to adjust to a new child care setting. I will try to make the adjustment easier by encouraging your children to discuss feelings, providing extra attention and support, participating in role-playing and reassuring them of their family's return.

A 3 week adjustment period begins at your child's first day in my care. During this time, the family can decide to terminate the signed contract without penalty.

Inclusion

I believe that children of all ability levels are entitled to the same opportunities for participation, acceptance and belonging in child care. I will make every reasonable accommodation to encourage full and active participation of all children in my program based on their individual capabilities and needs.

If your child has an identified special need, Please complete the forms so we will know procedures while working with your child.

Non-Discrimination

Equal educational opportunities are available for all children, without regard to race, color, creed, national origin, gender, age, ethnicity, religion, disability, or parent/provider political beliefs, marital status, sexual orientation or special needs, or any other consideration made unlawful by federal, state or local laws. Erika's Educational programs is designed to meet the varying needs of all students.

Confidentiality

Unless I receive your written consent, information regarding your child will not be released with the exception of that required by regulatory and partnering agencies. All records concerning children at my program are confidential.

My Qualifications

I have 5 years of experience in the child care industry and I exceed the state requirements and qualifications.

I participate in ongoing training in the areas of child growth and development, healthy and safe environments, developmentally appropriate practices, guidance, family relationships, cultural and individual diversity, and professionalism.

Staff / Assistant / Substitute Qualifications.

Any Staff, Assistants, or Substitutes that are employed by me will have appropriate qualifications in the child care industry and will meet the state requirements. A list of qualified staff, assistants, and substitutes will be provided to you and available on the bulletin board.

Communication & Family Partnership

Daily Communication

Daily notes from me will keep you informed about your child's activities and experiences in my program. Notes will be placed in your child's book bag before the end of each day. (The exception is if your child leaves early).

Bulletin Boards. I have a bulletin board with program news, upcoming events, holiday closing dates, announcements, etc.

Email. I encourage you to provide an email address that you use regularly so that I may send you announcements, event invitations, newsletters and general updates. My email is erikamchildcare@gmail.com

Family Activities. Each family is a child's first teacher. I value families as partners in the growth and development of children in my care. I encourage parents and other family members to be involved in the program, visit your child (ren) in my classroom, participate in events, and provide feedback on the program. I encourage families to participate and support your child's learning goals.

Please see the list of Family Activities at the end of this booklet.

CURRICULA & LEARNING

Learning Environment

I provide a rich learning environment with curricula that are developmentally appropriate to the specific ages of the children in my care. I have a flexible day routine that allows children to advance at their own pace. I strongly believe that learning happens through play. Learning and exploring are hands-on and are facilitated through interest areas.

Outings & Field Trips

Weather permitting, I conduct supervised walking trips around the neighborhood. Children are accounted for at all times. A permission statement for participation in walking trips is included in the enrollment package.

From time to time, there will be supervised field trips, **and I encourage you to join your child on the trip.** *Permission Slips* for each trip must be signed by the child's family.

For field trips, please dress your child appropriately for the season. Walking shoes are a must. Sandals and flip-flops are not appropriate for walking and make it difficult for your child.

The safety of children will be guarded in all activities. Proper restraint systems (seat belts) and the correct use of them are critically important during travel to/from the child care program as well as during field trips.

Television Time

My normal daily routine does not include television watching, but from time-to-time, I may record a television show without advertisements as a teaching aid. Television consumption will not be longer than 1 hour and the program will be screened prior to showing. Programs will consist of non-violent and high-quality educational material. My focus is to provide your child a positive experience with increased understanding of the world. Alternative activities are available for children during television time.

Electronic Media

Electronic Media is limited to 20 minutes or less per day per child. Internet sites and software are pre-screened to contain non-violent and high-quality educational content. Alternative activities are available for children during this time.

Multiculturalism

Multiculturalism is vital for all children because it sets social goals and promotes respect for all people and the environment we inhabit. I utilize books, music, games, and a wide range of activities as aids to teach children respect for our world and the diversity of life upon it.

Celebrations

My celebrations and holiday policy encourages an enhanced understanding of and respect for different cultures and beliefs of children, families, staff and community.

Thanksgiving, kwanza, Christmas, Islamic, Jewish, Memorial Day, and the 4th of July.

Rest Time

Infants sleep according to their own schedule and are put to sleep on their backs.

After lunch, all children less than 1 years of age participate in quiet rest time. Children are not required to sleep and may be given quiet activities.

Babies will lay in a crib/pack & play on their backs without toys, blankets, and bumpers etc....

Toilet Training

The most important factor in making the toilet learning experience successful and as low-stress as possible is a home/child care partnership that supports your child. Research indicates that children cannot successfully learn how to use the toilet until they are physically, psychologically, and emotionally ready. Many pediatricians say that most children under 24 months of age are not physically capable of regulating bladder and bowel muscles. Most positive toilet training occurs only after children show signs of physical control or awareness of their bodily functions and when they demonstrate an interest or curiosity in the process. I am committed to working with you to make sure that toilet training is carried out in a manner that is consistent with your child's physical and emotional abilities and your family's concerns.

I ask that the practices you teach at home are practiced/reinforced here daily. Please provide underwear, rubber pull up, disposable pull ups, wipes, and a potty watch.

GUIDANCE

General Procedure

Thoughtful direction and planning ahead are used to prevent problems and encourage appropriate behavior. Communicating consistent, clear rules and involving children in problem solving help children develop their ability to become self-disciplined. I encourage children to be fair, to be respectful of other people, of property, and to learn to understand the results of their actions.

Challenging Behavior

Children are guided to treat each other and adults with self-control and kindness. When a child becomes physically aggressive, I intervene immediately to protect all of the children.

My usual approach to helping children with challenging behaviors is to show them how to solve problems using appropriate interactions. When discipline is necessary, it is clear, consistent and understandable to the child.

Physical restraint is not used or permitted for discipline. There are rare instances when I need to ensure a child's safety or that of others and I may restrain a child by gently holding her or him only for as long as is necessary for control of the situation.

Notification of Behavioral Issues to Families

If a child's behavior/circumstance is of concern, communication will begin with your family as the first step to understanding your child's individual needs and challenges. We will work together to evaluate these needs in the context of my program.

On rare occasions, a child's behavior may warrant the need to find a more suitable setting for care. Examples of such instances include:

- A child appears to be a danger to others.
- Continued care could be harmful to, or not in the best interest of the child as determined by a medical, psychological, or social service personnel.

- Undue burden on my resources and finances for the child's accommodations for success and participation.

TUITION AND FEES

Payment

Payment is always due in advance with no deduction for any absences, holidays, or closures due to inclement weather, power outages, or other situations beyond our control. Payment is due weekly by 6pm on Friday, as outlined in the *Enrollment Agreement*.

Late Payment Charges

Any payments made will be applied to the oldest charges and late fees may still apply if the account is not paid in full by the next tuition due date.

Returned Checks/Rejected Transaction Charges

All rejected ACH (automatic debits) or credit card transactions will be charged a fee of \$1.75. This charge may be collected electronically. Two or more returned checks or rejected transactions will result in your account being placed on "cash only" status.

I may refuse to release children if I have reasonable cause to suspect that any person picking up a child is under the influence of drugs or alcohol, or is physically or emotionally impaired in any way that may endanger your child. To protect your child, I may request that another adult listed as an Emergency and Release Contact pick-up your child or I may call the police to prevent potential harm to your child. I am trained in first-aid for choking and am always present at all meals.

Infant Feedings

HEALTH

Immunizations

Immunizations are required according to the current schedule recommended by the U.S. Public Health Services and the American Academy of Pediatrics, www.aap.org. Every year, I check with the public health department or the American Academy of Pediatrics for updates of the recommended immunization schedule. If a child is not going to be immunized for medical or religious reasons, the parent will be asked to complete a form required by state regulations. Unimmunized children are excluded during outbreaks of vaccine preventable illness as directed by the state health department.

Physicals

Routine physicals are required according to the current recommendations of the American Academy of Pediatrics, www.aap.org. A copy of your child’s physical should be received before but must be received no later than 4 weeks after your child begins my program. Families are responsible for assuring that their child’s physicals are kept up-to-date and that a copy of the results of the child’s health assessment is given to me.

Illness

I understand that it is difficult for a family member to leave or miss work, but to protect other children, you may not bring a sick child to my program. I have the right to refuse a child who appears ill. You will be called and asked to retrieve your child if your child exhibits any of the

following symptoms. This is not an all-inclusive list. I will try to keep your child comfortable but he/she will be excluded from all activities until you arrive.

- If a child had a reportable communicable disease, a physician's note stating that the child is no longer contagious and may return to my care is required.

Allergy Prevention

Families are expected to notify me regarding children's food and environmental allergies. Families of children with diagnosed allergies are required to provide me a letter detailing your child's symptoms, reactions, treatments and care.

The medication must include your child's name, dosage, current date, frequency, and the name and phone number of the physician. All medications must be in the original

Your child will be involved in a variety of activities including: painting, outdoor play, sand, weather, and other sensory activities. My yard is used as an extension of my program, and daily activities are conducted outside whenever weather permits.

One particular aspect of concern is the risk associated with children's clothing that may become entangled with climbing or sliding equipment that could lead to choking or other serious harm. All drawstrings from children's clothes should be removed as a precaution.

Sandals and flip-flops are not appropriate for program play and make it difficult for your child to participate in some activities.

Extreme Weather and Outdoor Play

Outdoor play will not occur if the outside temperature is greater than 90 °F or less than 30 °F degrees. Additionally, outdoor play will be cancelled if the air quality is not bearable for small children.

First aid will be administered by me in the unlikely event that your child sustains a minor injury (e.g., scraped knee). You will receive a report outlining the incident and course of action taken. If the injury produces any type of swelling or needs medical attention, you will be contacted immediately. My program is equipped with a first aid kit meeting the state regulations.

In the event of a serious medical emergency, your child will be taken to the hospital immediately by ambulance, while I will try to contact you or an emergency contact.

Biting

Biting is a normal stage of development that is common among infants and toddlers – and sometimes even among preschoolers. It is something that most young children will try at least once.

When biting happens, my response will be to care for and help the child who was bitten and to help the biter learn a more appropriate behavior. My focus will not be on punishment for biting, but on effective behaviors that address the specific reason for biting.

Notes will be written to the family of the child who was bitten and the biter's family. I will work with the families of both to keep them informed and to develop strategies for change.

Pets/Animals

I do have 2 pets on the premises. Zipper is a gray male cat. He is a friendly and his front nails are declawed. He has his current rabies shots. The other pet is a fish the pets on my premises are very friendly, deemed healthy by a veterinarian and are current on all immunizations.

Respectful Behavior

All children and families will be treated with respect and dignity. In return, I expect the same from all families. I will not tolerate hostile or aggressive behavior. If this occurs, I reserve the right to ask you to control your behavior or to remove your child from my care.

Smoking

The poisons in secondhand smoke are especially harmful to infants and young children's developing bodies, therefore the indoor and outdoor program environment and vehicles used by my program are non-smoking areas at all times. The use of tobacco in any form is prohibited on my program's premises.

Prohibited Substances

Any adult who appears to be inebriated, intoxicated, or otherwise under the influence is required to leave the premises immediately.

Dangerous Weapons

A dangerous weapon is a gun, knife, razor, or any other object, which by the manner it is used or intended to be used, is capable of inflicting bodily harm. Families, children or guests (other than law enforcement officers) possessing a dangerous weapon will not be permitted onto the premises.

In cases that clearly involve a gun, or any other weapon on my premises, the police will be called and the individual(s) involved will be immediately removed from the premises. This policy applies to visible or concealed weapons.

Child Custody

Without a court document, both parents/guardians have equal rights to custody. I am legally bound to respect the wishes of the parent/guardian with legal custody based on a certified copy of the most recent court order, active restraining order, or court-ordered visitation schedule. I will not accept the responsibility of deciding which parent/guardian has legal custody where there is no court documentation.

Suspected Child Abuse

I am required by law to report all observations of child abuse or neglect cases to the appropriate state authorities if I have reasonable cause to believe or suspect a child is suffering from abuse or neglect or is in danger of abuse or neglect, no matter where the abuse might have occurred.

The child protective service agency will determine appropriate action and may conduct an investigation. It then becomes the role of the agency to determine if the report is substantiated and to work with the family to ensure the child's needs are met. My program will cooperate fully with any investigation and will maintain confidentiality concerning any report of child abuse or neglect.

EMERGENCIES

Lost or Missing Child

In the unlikely event that a child becomes lost or separated from the group during an outing or fieldtrip and is not located immediately, the family and the police will be notified.

Fire Safety

My home is fully equipped with smoke detectors, fire extinguisher, carbon monoxide emergency plan, and ADT security with cameras.

My fire evacuation plan is reviewed with the children on a yearly basis.

Emergency Transportation

In the event your child needs to be transported due to a medical emergency, if no other authorized person can be contacted and the need for transportation is essential, an ambulance will be called for transportation. A proper escort will accompany and remain with your child until a family member or emergency contact arrives.
