HISTORY OF BIG

Blacks In Government® (BIG) was established in 1975 and incorporated in 1976 by a small group of African Americans at the Public Health Services which is a part of the Department of Health, Education and Welfare in the Parklawn building in Rockville, Maryland. The organization was viewed as essential to the Black civil service employee, based on a wide assortment of racially motivated problems faced by the HEW Black employees in Rockville. Initially, it was thought that the umbrella organization would address only the problems at the Federal level. However, it was soon determined that State, County, and Municipal Black employees were faced with the same general type of employment problems.

BIG has been a national response to the need for African Americans in public service to organize around issues of mutual concern and use their collective strength to confront workplace and community issues. BIG's goals are to promote EQUITY in all aspects of American life, EXCELLENCE in public service, and OPPORTUNITY for all Americans.

The San Antonio (Alamo City) Chapter of Blacks In Government was formed in 1980 and is part of Region VI which has Chapters in Arkansas, Louisiana, New Mexico, Oklahoma, and Texas.

The San Antonio Chapter of Blacks In Government is a registered 501 (c) 3 - nonprofit seeking to engage and advocate on behalf of city, county, state, federal and military African American Government workers. The broad organizational goals and objectives include advocating for diversity, developing and promoting programs, which will enhance ethnic pride, educational opportunities, and providing a non-partisan platform on major issues of local, regional, and national significance.

5. To establish a mechanism for gathering and disseminating information for Blacks in government.
6. To provide a nonpartisan platform on major issues of local, regional and national significance that affect Blacks in government.

BIG PURPOSE

An advocate of equal opportunity and professional development for Black government employees at the Local, State and Federal government levels and others dedicated to justice for all.
