

Knoxville Adventure Collective

The Knoxville Adventure Collective is aiming to be a responsible and creative leader in the Knoxville tourism and outdoor industry, designing and operating innovative, sustainable tours that resoundingly demonstrate the positive impacts of an active outdoor lifestyle. We are proud to be a part of the downtown community and hope that we can be the cornerstone for your area adventures. We aim to provide quality equipment and instruction to ensure clients safely enjoy East Tennessee waterways. Our goal is to create a laid-back professional environment for which the community can embark upon adventure (and we have plenty of parking!).

Product Offerings:

Our main services are putting people on the water in the downtown area. We offer SUPs and Single Kayaks for \$20 a hr, \$10 for an additional hour or \$40 for the whole day. We also have canoes and tandem kayaks for \$30 an hour and \$15 for an additional hour or \$55 for or all day. With these rentals you will have one of our staff help to launch you from our private dock and be provided a paddle and PFD.

One of our other main products is the downriver experience in which we shuttle you to the Holston river park and you float through the Forks of the River at the Headwaters of the Tennessee River then take out at our downtown dock. A great and affordable way to spend a afternoon.

We have full-moon paddles once a month that offer a unique memory watching the moon rise all while enjoying the sights of downtown as the lights come on. Highly recommended, however sells out fast! Keep an eye out for our sunset paddles that we offer on the weekend which on a good night, offers spectacular colors and a great way to spend the evening. Also, don't forget that we do private SUP yoga for another unique offering. We are aiming to give different experiences that allow you to keep coming back to enjoy what the Knoxville waterfront has to offer.

We also offer delivery to locations in the downtown area and rent gear for you take your own adventure. Or hire us to create a personal curated trip to some of the surrounding areas spectacular waterways.

In the fall of 2020 we are expanding to offer a fleet of Kona mountain bikes and greenway bikes at an affordable price, so stay tuned on that!

Oh, did we mention that we have a unique beer garden with plenty of space and also rent it out for private parties!! Please check us out at www.knoxvilleadventure.com or stop by!
