ATC Report - Daniel Dupuis

Level 1

There is currently a level 1 in Westmorland County, block 4 started tonight in Sackville. There is also a course in Albert County, will finish block 5 this fall. Saint Antoine as asked to host a level 1, if you have any students interested in joining, please advise me, as there is not enough students at the moment to make course happen. All level 1 scheduals will be posted on the web page. A lot of firefighters need their Haz Mat ops (block 5 ,5th edition) to complete their level 2. Danny will be teaching block 5 in Saint Louis on Sept. 27 if any are interested in joining any of these courses.

Level 2

Kent County has requested a level 2, Danny Desroches will let me know when they want to start, if any are interested in joining please advise me or Danny. This years training, if possible, I would like to offer at least 1 level 2 course in all 3 counties, I am looking for students as well as host departments for such courses.

Basic Remote Rescue/Low Angle Rescue

Basic remote rescue training is still available at no cost [instructors are paid by NBCC] if any are interested. Part 2 low angle rescue, a few courses have been put on ,...this is part 2 of basic remote rescue. instructors are available. Cocagne just finished low angle rescue course, things went well.

Auto Extrication Course

An auto extrication course can be offered, I have had many firefighters interested in such a venue, I am planning on organizing one in the Moncton region ,prices would be in the \$125 range per firefighter depending on number of students, I have 5 students and looking for more, if you have any interested, please advise me.

Training Comittee

A meeting with the training comity was made before SEFFA meeting, comittee members are Gille Allard, Robin True, John Leblanc, Danny Desroches, Dennis Metcalf, Chris Boulay, Julien Boudreau, David Cail and Daniel Dupuis. Spring Training date set for June 6th in Riverview. Anybody with suggestions for the Spring Training in Riverview in 2015 Contact Daniel Dupuis

NBAFC Report – Conrad Landry interim rep

NBAFPO – Mitch Short has accepted to be our Association Rep.

OFM – Raymond Leblanc

Fire Incident Reporting, Basic Fire Investigation, being done at the Miramichi Workshop
Proper Fire Reporting is a necessary duty due to the Cancer Legislation Regulations,

New Business

Greg Partridge spoke of an incident in Dorchester, were the department is not being called regarding medical calls, he spoke of a Fatality in the Community within minutes from the Fire Station, where the Fire Department should have been called. It will be looked into further. Conrad will bring it up at the NBAFC Level.

Conrad asked about requests for the Fire Safety House from outside of the Fire Service. It was decided the use it for Fire Department Functions only. Conrad is still waiting for a report about the NBAFC Convention, it went well, Tech Talk was well attended, and a good weekend was had by all.
