Marc Bernard of TMC & Associates attended the meeting and showed a management presentation of what experience he has, what he teaches and how he meets the Canada Labour Code. He also discussed the NFPA standards as it relates to boat operations and ice rescue. His contact info is below.

Boat operations – 6 students at a time – 10 hour day

Ice Rescue – 3 segments: awareness, operations, rescue technician. Certification is good for 5 years.

Not part of Rescue Canada.

Not recognized by NBCC and is not be covered by LSD Fire Department budgets.

Riverview Chief Denis Pleau mentioned that 2 firefighters died in Ontario during training in the past few years. The Fire Chief was charged. Ensure that you hire reputable and qualified instructors. You cannot hand over safety to an instructor. The Fire Chief is still responsible. When you are training you need to have a back up/safety plan.

RAVEN and Rescue Canada are on the list.

Riverview uses Rescue Canada for Train the Trainer and noted they are not cheap.

This meeting was held at Riverview Fire Rescue. The meeting was called to order by President, David Gallant.

There were 22 members in attendance representing 14 departments plus one member of the Fire Marshal's office.

1. APPROVAL OF PREVIOUS MEETING MINUTES

The minutes from the September 18, 2016 meeting were passed out to those who wanted them.

Motioned by: Danny Desroches

Seconded by: Darrell Weir

MOTION CARRIED

2. REPORTS FROM OFFICERS

President's Report – David Gallant

- President Gallant thanked Aero Feu Representative for attending.
- Darlene Collier of Carleton Uniforms was unable to attend today and sends her apologies. If anyone would like to obtain information or arrange for a fitting with her, please contact her directly. She is hoping she will be available to attend our next meeting in January/February.
dcollier@carletonuniforms.com / cell 506-381-4161
- Andrew Langille of Spectra Energy would like to attend our next meeting in March. Spectra Energy manages and owns a high pressure non-odourized natural gas pipeline in the Maritimes and runs thru the southeast. He will have a 45 minute presentation and 15 minutes for any questions and will brief attendees on significant changes forthcoming as well as important response protocol when responding to a gas pressurized natural gas leak.

ANDREW LANGILLE, M.SC., P.GEO.

NB OPERATIONS

MARITIMES & NORTHEAST AND BRUNSWICK PIPELINES

Follow us on [Facebook](#), [Twitter](#), and [YouTube](#)

- Gisele Richard sent out an e-mail recently to notify departments that Micmac Fire & Safety Source has a second technician who can do Scott air pack maintenance. His name is **TRENT McLEAN** and he can be reached at **1-800-561-1995**. If your packs ever had to be taken to NS for service, he is the one who would have worked on them.
- The Constitution document as agreed upon at the September 18, 2016 meeting was signed by those officers in attendance.
- Fall Fire Chief Conference is November 25 and 26 at the Fredericton Inn.
- President Gallant attended the Volunteer Fire Chief's meeting – October 22
- President Gallant attended the NBAFC BOD meeting – October 28 and 29
 - The NBAFC Firefighter Bursary Program has been revised. The criteria stated that "Dependents of the New Brunswick Fire Service will take priority" and has been updated to say "Must be a dependent of or a member of the NB Fire Service".
 - Nobody seems to want to take responsibility for ID cards for firefighters in the province.
 - Defacing license plates – it is illegal to modify license plates in any way i.e. the IAFF sticker.
 - Presumptive insurance / cancer legislation – NBAFC has been negotiating to lower the rate and were not successful.
 - R2MR – Road to Mental Recovery currently has 10 instructors. Now they need to obtain funding to teach courses.
 - NBAFC attended the funeral of former Chief Reg Savoie. He also worked in the fire program at NBCC Miramichi.
 - Maritime Fire Conference will be in Dieppe for next 2 years and possibly a third year.
 - CAFC Volunteer Fire Chief campaign.
Go to www.CAFC.ca / programs / Answer the Call. There is a file to download with instructions. The file has been attached at the end of these minutes.
 - TMR – NB911 did a presentation. Narrowed down to one of the models. It all sounded good. Jody Price and Harry Farrell were not impressed with it and once hearing their reasons, it is understandable. Dave has asked Jody to come to our next association meeting to discuss.
 - Problems in the past getting the mobile burn unit. Going forward the burn unit must be coordinated through the Association's Training Coordinator Daniel Dupuis.
 - Honda Generators – Saint-Paul has had issues with their generators and come to find out that it was the fuel stabilizer. It is not recommended to use fuel stabilizer in Honda Generators. Once they stopped using it, the generators ran with no problem.
 - A fire extinguisher that mounts in the ceiling for residential use was promoted on Dragon's Den. If anybody is thinking of purchasing one, should do research first.
- President Gallant attended a Public Security Meeting Oct 19, 2016
 - The RCMP provided a report and it is attached at the end of this document.

Vice President, Westmorland County – Gary McCarthy

No update available.

Vice President, Kent County – Danny DesRoches

No update available.

Vice President, Albert County – Peter Murphy

No update available.

COMMITTEE REPORTS

ATC Report – Daniel Dupuis

Level 1

Level 1 course in each county is complete. Let me know if anyone is interested in starting a level 1 course in the spring. We can regionalize one if we have enough students. Please let Daniel know ASAP if anyone is interested. As of now, very few have responded with interest, so we don't have enough students to start a level 1.

Hillsborough has 12 members and course will start first week of January. Daniel will send out a message to Chiefs. If there is anybody interested in joining the course in Hillsborough to advise Daniel.

Level 2

Level 2 courses are complete. Let me know if anyone is interested in starting a level 2 course in the Spring. With no courses for level 1 yet, it would be a great opportunity to get a few level 2 going. Please let Daniel know ASAP if anyone is interested. As of now, we don't have enough students to start a level 2 course. Need 12-18 students for a course.

Spring Training

If we don't have signoffs to do for our level 1 and level 2 courses, we could do something different for our Spring training this year. For example, we could get:

- A low angle course
- A hazmat scenario
- Flashover trailer
- Auto extrication scenarios
- ICS 100,200

- Boat rescue
- A guest speaker
- Other courses
 - o slicers

We should discuss this further at the SEFFA meeting and with the training committee. Please forward any comments.

Officer Training

We have an opportunity to host an Officer Training course through NBCC if enough people are interested. We can coordinate a block 5 hazmat course ahead of time so that more people have the pre-requisites for the course. Let me know if you would like to participate in a block 5 hazmat so that we can line this up for the fall.

The pre-requisites are Firefighter Level 1 and Level 2, 5th Edition. Also, for those seeking IFSAC certification hazmat awareness ops, Instructor 1 IFSAC, FF1 and FF2 are required.

The course spans over 2 full weekends and includes 40 hours of theory, homework assignments and JPR's. Current officers are strongly encouraged to sign-up for this course. The cost of the course will be divided amongst the departments based on their number of students. We can decide on a central location based on where students will be coming from. Daniel would like to set a tentative date on this course being the end of January/start of February. Please send me the names of those interested. Need 12-18 students.

Hazmat Block 5

We have an opportunity to do a hazmat block 5 course to update guys wanting to do their officer course if we have enough interest. Please note that if you have done your firefighter level 1 lately with edition 5, you do not need to take this block because it covers hazmat ops; however, if you have your firefighter level 1 with edition 4 or lower, you will need to get this block to take your level 2 and/or your officer course because that edition only covers hazmat awareness. Please let Daniel know ASAP if anyone is interested. As of now, we don't have enough students to start a hazmat block 5 course.

Daniel will coordinate a course for end of January. Please send a list of people to him so he can coordinate.

Miramichi Workshop

The workshop in Miramichi continues to be a success. Many firefighters from across the province benefit from this training as well as meeting firefighters from other fire departments to share ideas and techniques. I highly recommend sending your firefighters to the workshop as they bring back a lot of knowledge to your department.

Volunteer Fire Chief Report / NBAFC Report – Dave Gallant

See President's report above.

NBAFPO – Tim Dryden

Attended NBAFPO meeting on November 3. Disorganized. Trying to build up memberships and get people involved. Having a hard time to get LSD departments involved. Talk of billing directly to LSD departments. They no longer do a launch for fire prevention week. Jeff Cross would like to try and build that up again.

Information will be coming out on space heaters, local assistant, alarmed and ready campaign. Plan is to hand it out at the Fire Chief's meeting Nov 28-29.

NBAFPO Seminar is April 7-9 in Fredericton. Ricky Middleton is the president of the NBAFPO and would like to get out to all of the associations to do a presentation.

OFM – Raymond Leblanc

- Alarmed and Ready Campaign – for those who registered the supplies will be at the LSD fire conference
- Local Assistant training is ongoing.
- Local Assistant cards – Fire Marshal's office received them but they had to be re-printed.
- Reminder – Local Assistant is Chief and Deputy Chief only.

3. UNFINISHED BUSINESS

Nothing to report.

4. NEW BUSINESS

Daniel Dupuis noted a Recall on Kidde Smoke Alarms

Fentanyl drug – one firefighter was exposed to it. Reduces respiratory response and the person stops breathing.

Harcourt has not been having good experience with Nova and wonder if others have had the same experience. Chandler is another option. Riverview will be looking at options as well.

Treasurer, Tim Dryden made a motion that we have 3 different signatures (non-related) for signing cheques. Treasurer, President, one VP. Danny Desroches has accepted as the VP of Kent County along with Treasurer Tim Dryden and President, David Gallant.
Motion second by Denis Pleau.
MOTION CARRIED

Dave mentioned that we hold our meetings every other month and the constitution says it needs to be quarterly. No discussion took place and the meetings will continue as they have been.

Some e-mails have been bouncing back. If your contact information changes, please let us know.

5. NEXT MEETING

The next SEFFA meeting will be on Sunday January 22, 2017 at 2PM, Riverview Fire Dept.

Motion for Adjournment: Charles Agnew

Moved by: Gilles Allard

**NEXT MEETING, SUNDAY JANUARY 22, 2017 @ 2:00 PM
Riverview Fire Rescue, 650 Pinewood Road, Riverview, NB**

How to create your Department Page on the CAFC "Answer The Call" Department Portal

SECTION ONE:

Pre-populating Instructions for Department Portal
(prior to National site launch Sept. 2016)

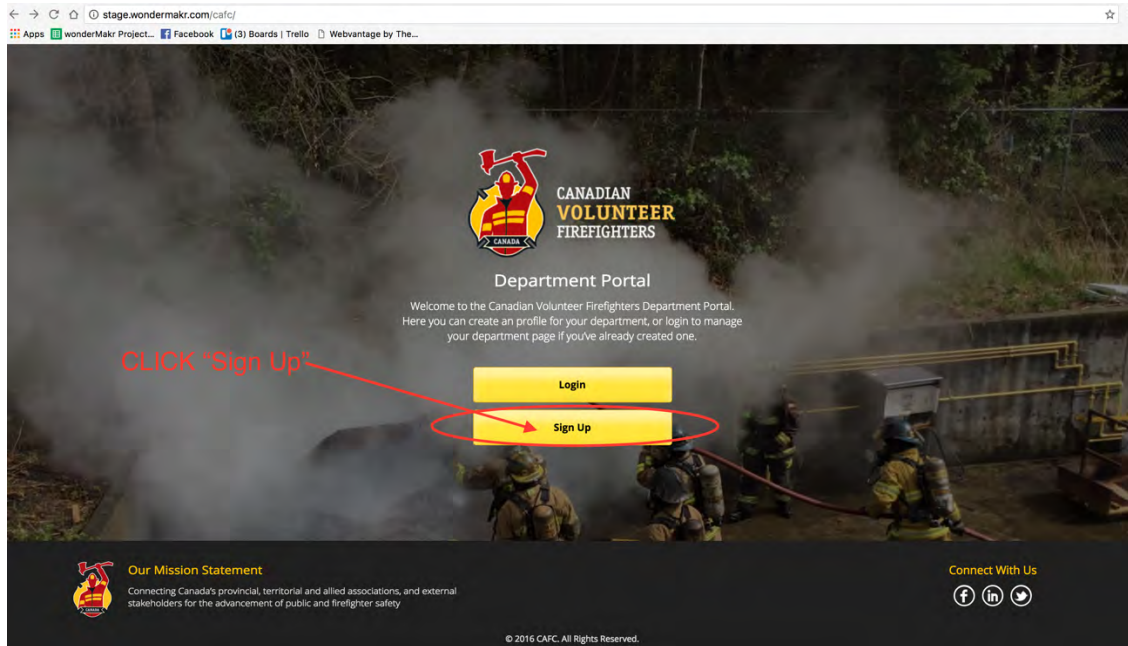

SECTION TWO:

Accessing the Department Portal following the National site launch

SECTION ONE: Pre-Populating Instructions

Step One:

- Navigate to: www.answerthecall.ca
- Click on 'Sign Up'

Step Two:

- You'll be automatically taken to this page where you can create your account details for your Department

A screenshot of a web browser showing the registration form for the Canadian Volunteer Firefighters Department Portal. The browser's address bar displays 'stage.wondermakr.com/cafc/wp-login.php?action=register'. The form is titled 'Register For This Site' and contains the following fields: Username, Email, First Name, Last Name, Title, Phone Number, Password, and Confirm Password. A note at the bottom states 'Registration confirmation will be emailed to you.' The form is set against a light gray background with a small logo at the top center.

Step Two continued:

- Complete all information fields
- Ensure you keep your username and password on hand for future reference
- Upon completion, click 'Register'

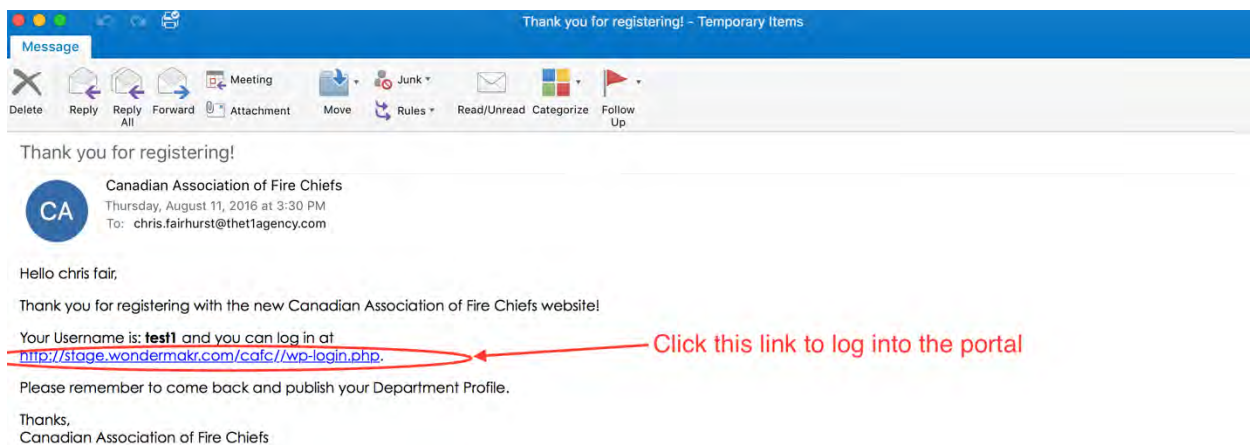

A screenshot of a web browser showing a registration form on the URL `stage.wondermakr.com/cafc/wp-login.php?action=register`. The form fields are filled with the following information:

- Username: `cfairhurst`
- Email: `chris.fairhurst@wonder`
- First Name: `Chris`
- Last Name: `Fairhurst`
- Title: `title`
- Phone Number: `4165551234`
- Password: `*****`
- Confirm Password: `*****`

Below the password fields, a message states: "Registration confirmation will be emailed to you." A red circle highlights the "Register" button, with a red arrow pointing to it from the text "CLICK 'Register'". At the bottom of the form, there are links for "Log in" and "Lost your password?", and a link to "Back to Canadian Association of Fire Chiefs".

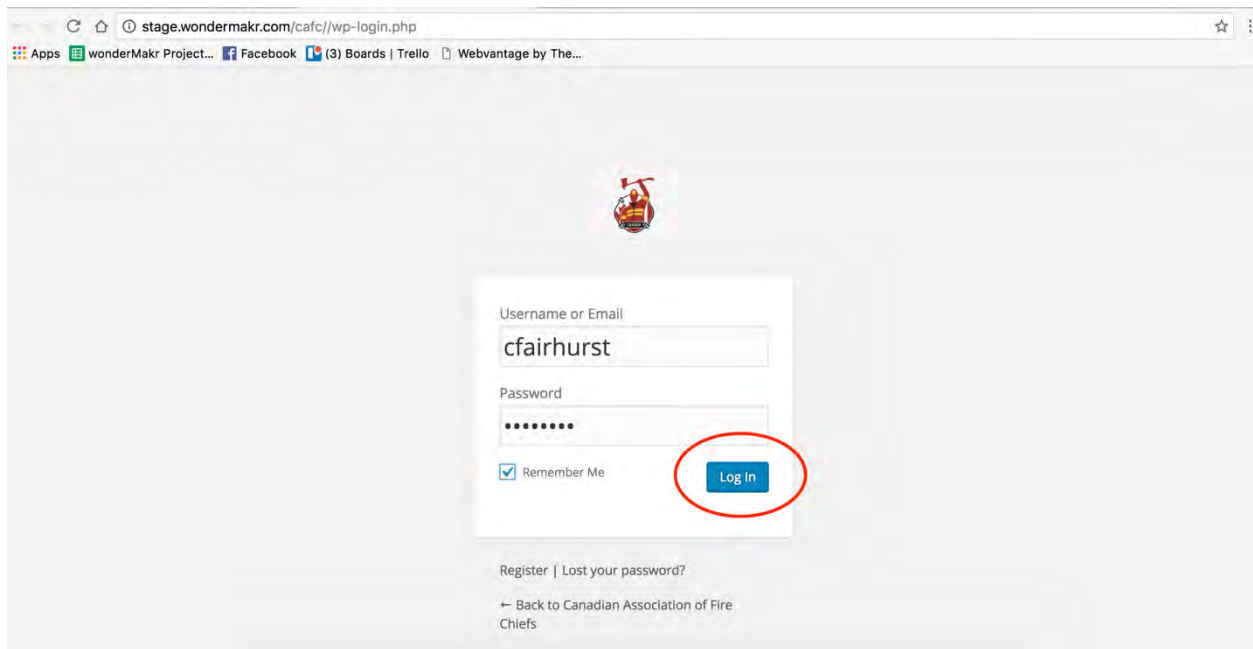

Step Three:

- Now check your email inbox as you will automatically receive a registration email that confirms your user name and will allow you to login when you click the link in the email

Step Four:

- Once you've clicked the link it will launch this window where you'll be prompted to enter your new username and password
- Then click 'Log-in'

stage.wondermakr.com/cafc/wp-login.php

☒ Remember Me **Log In**

[Register](#) | [Lost your password?](#)

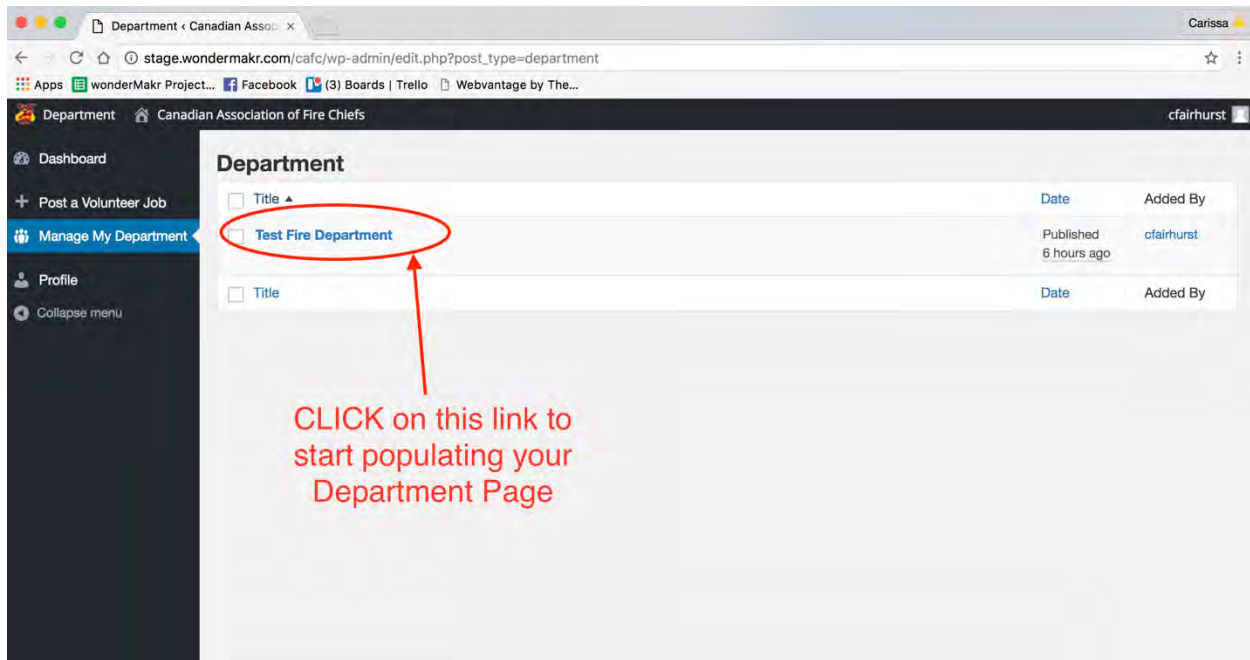

[← Back to Canadian Association of Fire Chiefs](#)

- You'll be automatically directed to this page
- Now you'll want to select 'Manage My Department' from the Dashboard on the right side of the screen:

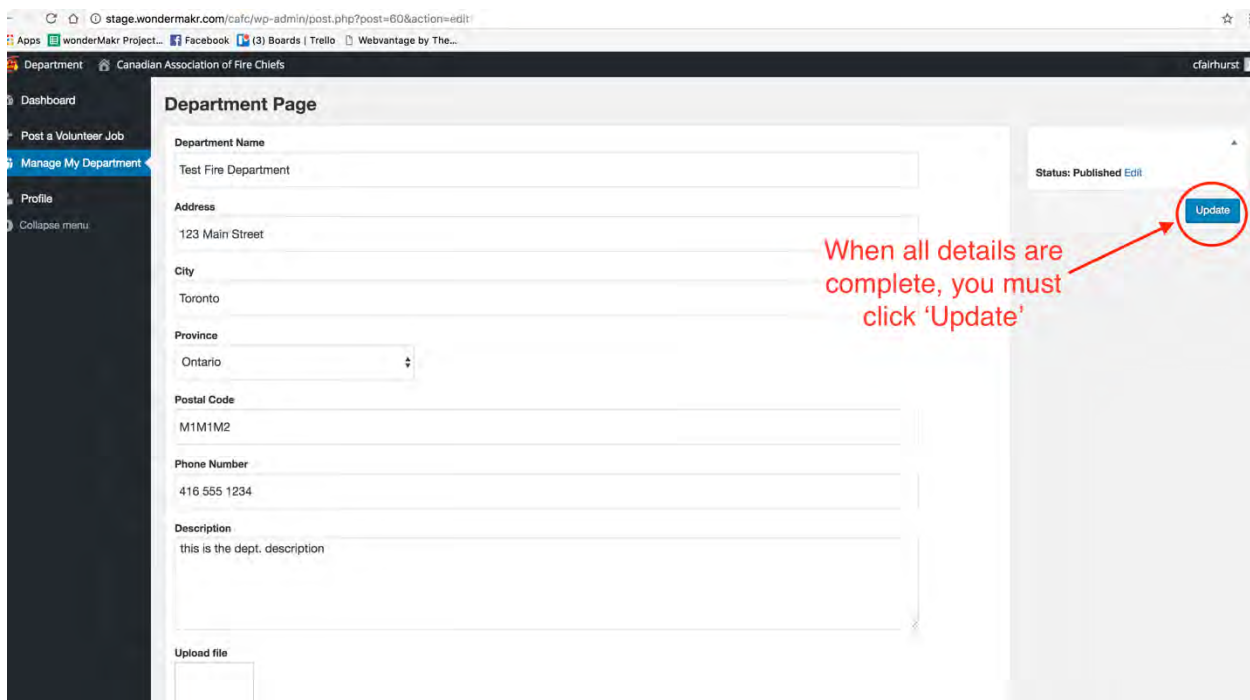

Step Five:

- Now you'll want to select 'Manage My Department' from the Dashboard on the right side of the screen:

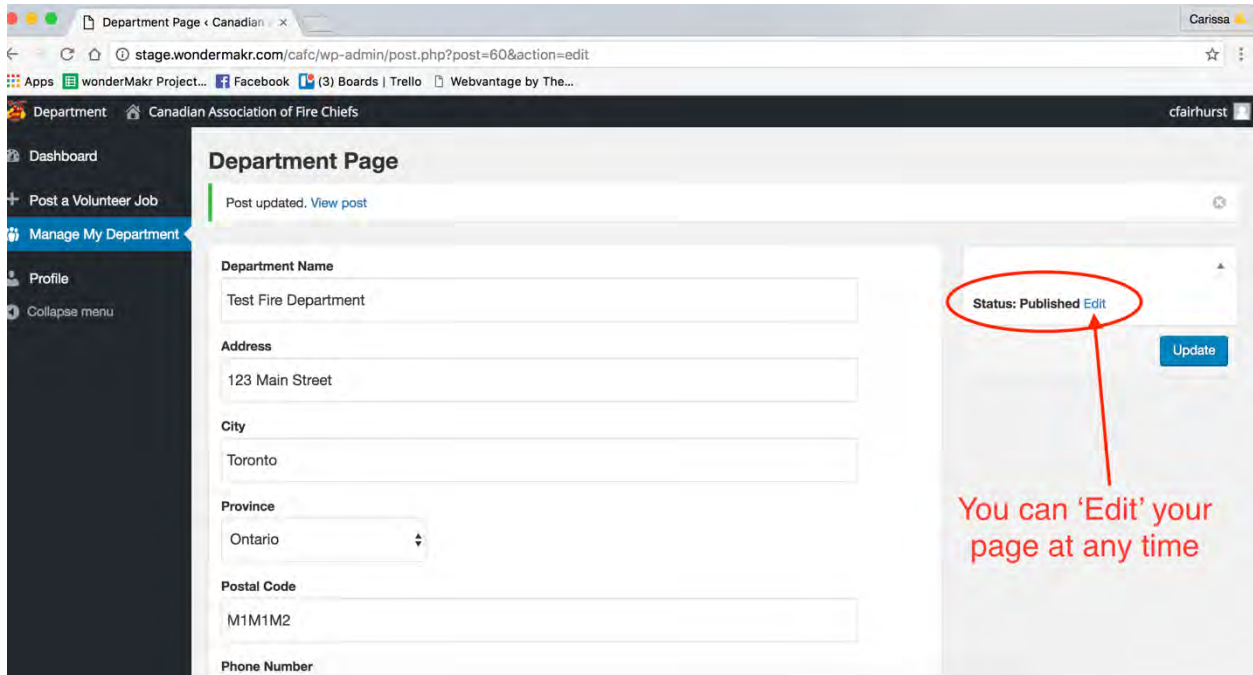

- Now you can start adding the information specific to your Department
- Please complete all of the information in the required fields to ensure your department is searchable
- Once complete, click the 'Update' button' on the left

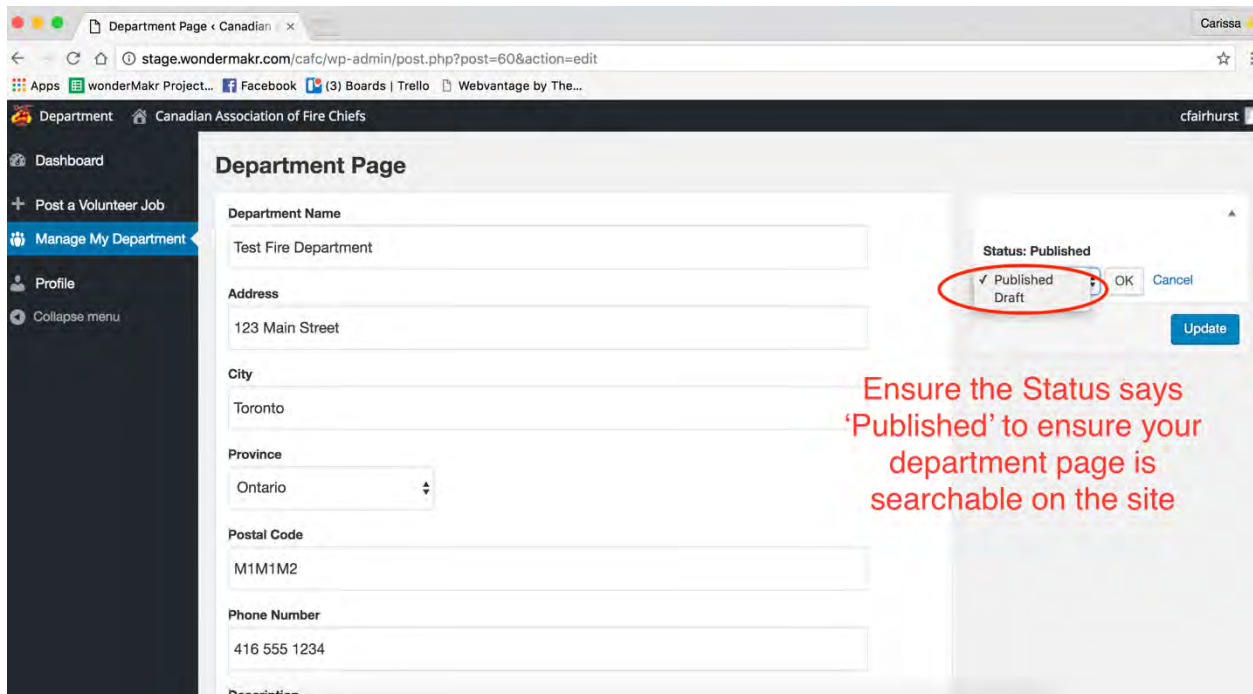

Step Six:

- If you need to Edit your content, you can select 'Edit' at any time

- Ensure your Status is always set to 'Published' after making any Edits, this will ensure that your department page is published and searchable on the site

Step Six Continued:

- Ensure you click 'Update' every time you make an edit, so the content is updated on your department page.

Department Page

Department Name: Test Fire Department

Address: 123 Main Street

City: Toronto

Province: Ontario

Postal Code: M1M1M2

Phone Number: 416 555 1234

Status: Published

Published OK Cancel

Update

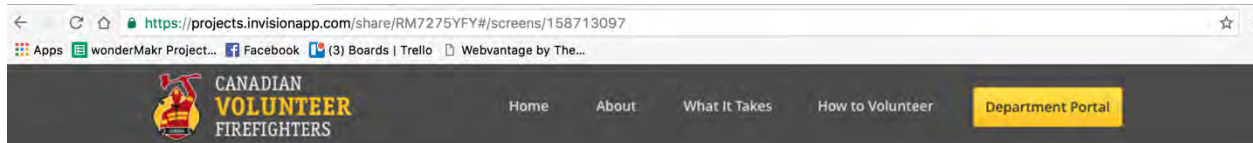

Ensure you Click 'Update' every time you make an edit so that the updated content is available on your department page

NOTE:

As all front end content is still under development so we can only show you a preview of how the final page content will look on the public facing site. The opportunity to add Volunteer Opportunities will be made available when the site goes live to the public.

At that time, you can log back in and make edit your department page if needed.

PREVIEW OF DEPARTMENT PAGE:

City of Camrose Fire Department 331

Unit 290 Shields Valleys, Toronto Ontario M5V 2T1 | (416) 123-4567
