Performance Levels / Routine Placement

At Backstage, in order to run a fair competition for all, we utilize three different performance levels for dancers. These include beginner, intermediate, and advanced categories.

Directors should use their own discretion to determine the individual level of each dancer. At registration, Directors will select a level for each dancer that will carry through with them in each of their routines. The level in which they are placed will follow them into every routine they compete in.

Level Advancements

When all three judges agree that a routine can compete at a higher level, that routine will be bumped up. Directors will be informed of any level advancements prior to the routine's award ceremony.

Solo's- Dancers must compete in the level they are registered. Soloists may not compete against themselves in the same performance category.

Duo/Trio and All Groups- At Backstage we will be using a point system to determine the specific level of a routine.

- Beginner dancers are 1 point each
- Intermediate dancers are 2 points each
- Advanced dancers are 3 points each

For example, if a routine has 5 Beginner dancers and 3 Intermediate dancers. The following equation would apply to determine the level. 5 Beginner dancers = 5 points, 3 Intermediate dancers = 6 points. Since 6 is greater than 5 the routine will be placed in the Intermediate level.

Beginner VIP

Dancers that have little competition experience, study up to 3 hours per week and are beginning to demonstrate an understanding of dance technique qualify as beginners. Beginner dancers may compete only 1 solo with a maximum of 7 routines.

Intermediate VIP

Dancers that have moderate competition experience, study approximately 5 hours or less per week and demonstrate a solid understanding of dance technique qualify as intermediate.

Advanced VIP

Dancers that have extensive competition experience, study more than 5 hours per week and demonstrate a strong understanding of dance technique qualify as advanced.

Special VIP

This unique category is dedicated to dancers with special needs, different abilities, or physical challenges. It celebrates their love of dance and provides a platform for them to shine. Dancers in this level will be critiqued within their abilities and are eligible for Special Judge Awards, Spotlight Awards and High Score Awards.

Judging / Scoring

Every performance is critiqued by a panel of 3 judges.
All judges' decisions are final.

Judges will use a point system allowing them to score a maximum of 100 points each.

Judges will take into consideration choreography, technique, stage presence, rhythm & unison.

All entries will receive a score of a VIP Platinum, High Platinum, Platinum, High Gold or Gold.

Performers who exit the stage prior to the end of their performance are eligible to perform again for adjudication only.

All score sheets and audio/video critiques will be uploaded to the studio directors registration site after each event.

High Platinum	293 - 297.9
Platinum	282 - 292.9
