September 14, 2021

Dear SBC Staff,

As we continue through the fourth wave of the pandemic and plan to move forward with increasing services for our clients, we must ensure we are aligned with OH&S standards and AHS regulations in addition to our own enhanced health and safety protocols.

While SBC is not mandating vaccinations for staff, we are requesting that all those who have volunteered to share they are fully vaccinated, to please bring in documentation on or before Monday, September 20, 2021. Please note, there will be a visual check only. Currently, we do not require a paper or digital copy of your documentation.

This process is being implemented to minimize risk and maximize safety for all of our staff, clients, and family members. Please see the following links below for reliable and accurate information regarding the safety and efficiency of COVID-19 vaccines.

Please note that all the information we base our operational decisions on is fact-based and verified by credible sources. We encourage everyone to verify any information you are currently reading or viewing on social media or receiving from other people, and to make well-informed decisions about vaccinations and your health.
