CliMed NEWSletter

DISCOVER THE SOUL OF THIS EDITION....

A MEMORANDUM FROM CONVENOR

"No one can whistle a symphony. It takes a whole orchestra to play it."

-H.E. Luccock

Dear Readers,

It gives me immense pleasure to share with you as we unveil the April 2024 edition of the CliMed Newsletter. In this edition of the newsletter, we continue to foster this platform to celebrate our achievements, share our knowledge, and promote innovation and progress. Within this newsletter, you'll find updates on recent events and activities, showcasing the vibrant spirit of our community.

I would like to extend my sincere appreciation to the editorial team and all the interns at CliMed for their dedicated efforts. With each page reflecting dedication to learning and growth, this newsletter is a fantastic representation of diverse perspectives being nurtured within our organization.

To our readers, I invite you to dive into this newsletter with enthusiasm and curiosity. Let the articles within inspire you and ignite a passion for learning. With your continued contribution, we look forward to adding more experiences and achievements to the next edition.

Warm regards,

Dr. Ajit Singh

CEO and Founder of CliMed and CURIO

EXCELLENCE IN ACTION: MEET OUR OUTSTANDING ACHIEVERS

NASA'S CALL.....

Ms. Janshi Arora is now a fourth-year Pharm D student at Chandigarh University and an intern at CliMed. She was overjoyed to say "I participated in a remarkable event called as **NASA AMES SPACE SETTLEMENT CONTEST** and achieved **HONOURABLE MENTION** for the project **VISAPARYA** held worldwide."

She continued, "I have been **invited with my team members to attend the ISDC (INTERNATIONAL SPACE DEVELOPMENT CONFERENCE)** sponsored by NASA Ames Research Centre at St Louis, Missouri, USA." She visited the Kennedy Space Centre, Disneyland, Universal Studios Orlando, Six Flags St. Louis, Madame Tussaud's, and Liberty Island in Manhattan, New York.

Ms. Janshi Arora continued, "I am thankful to God for this opportunity. I look forward to receive more such opportunities to explore in life."

GOLD FROM NATIONAL ENGLISH OLYMPIAD.....

Ms. Insha Noor, a young enthusiastic girl who was on the verge of tremendous happiness after winning gold medal in the National English Olympics. She stated, "**Winning the National English Olympiad was a profound accomplishment, underscored by the challenging journey it entailed.**"

Her words "**My victory was not merely a triumph of skill but a testament to resilience and determination.** Throughout the rigorous preparation and intense competition, doubts and obstacles loomed large. Yet, fueled by my passion for language and literature and inspired by my mother's unwavering support, I pressed on. **Each hurdle was met with perseverance and each setback with renewed resolve.**"

That moment onstage "As I stood on stage, grinning with a gold chain around my neck, overtaken with emotion, the weight of the challenge I had overcome blended with the exhilaration of victory. **It was a moment of profound satisfaction, the validation of my effort and dedication.**"

"Winning this Olympiad was not just an achievement; it was a testament to the power of perseverance and the fulfilment that comes from conquering challenges in pursuit of one's passions" – Ms. Insha Noor.

INTERNS INFLUX

NEW PERSPECTIVES, BOLD INSIGHTS

VIZHAAG S

PHARM D

I am glad to participate in this internship because everyday my fellow interns make me inspire by their skills, achievement and by their active participation. In my point of view this internship program is like a ship in a ocean which helps fellows like us who are swimming elsewhere at different orientation and momentum to sail towards their destination at right direction and momentum. And coming to skills I hope it will dissipate like equilibrium to our entire fellow interns at our ship and it's concentrated will keep on increase from our skilled intern fellow who already doing their job from their utmost potential.

FARISH A J

PHARM D

This internship is not a regular type of internship where only staffs teaches and students interact with them only. This helps us to go out of the box and gain experience, how to handle situations and helps get more friends from all over states from same professions it's really helpful in both educational wise and social wise. I am shy person so this exposure may help me to gain and overcome my difficulties.

NIRMALA DEVI

PHARM D

This internship is going just beyond my expectations, usually I thought that it will have some sessions and courses, but this internship is taking care of each and every need of intern, student. The idea of clubs, handing the work to interns was such best thing. It is going just amazing and I'm also so excited and feeling happy for this internship. There is a lot to say, but I'm finding it simple that this internship is such a remarkable opportunity in my career.

NIKHIL NAMA

PHARM D

When I first learned about this internship, I wasn't entirely sure what to expect. Initially, I thought it might be a passive experience with minimal interaction. However, during our first meeting, I quickly realized that this internship offers much more than just passive sessions. There are numerous opportunities to explore and learn, including involvement in clubs, and sessions covering a wide range of topics. This discovery heightened my excitement, over the next six months. Now that I got the chance to be part of the Youngers Club, I am eager to delve into its activities and contribute to its objectives.

SHEIKH HAMEED

PHARM D

It's been such a fantastic experience! The group's energy and engagement make it a dynamic learning environment, and the regular notifications keep us all informed and connected. I also want to give a big shoutout to Ajit sir for his incredible support and encouragement. He's always there to interact with us and support our ideas, which really makes a difference. It's clear that this internship is not just about learning but also about fostering a supportive community where we can all grow together. Let's keep making the most of these opportunities for our personal and professional development!

STARTLING WORDS FROM EDITOR-IN-CHIEF

**"Behind every great publication lies
a team of passionate editors
committed to truth, integrity, and
quality."**

Dear Readers,

I am pleased to present this edition of our newsletter, which highlights the diverse achievements and contributions of our interns. As the editorial-in-charge, it's inspiring to witness the talent and dedication displayed by our interns beyond their scientific endeavors. In these pages, you will find stories of personal growth, creativity, and community engagement. Each article reflects the passion and commitment of our interns to make a meaningful impact, both within our organization and in the broader community. Feel free to dive into these stories and join us in recognizing the remarkable accomplishments of our members. Each story shared within these pages is a tribute to the dedication and diverse interests of our interns as well the importance of viewing success through a multifaceted lens. Interns achievements serve as a reminder of the collective strength and potential of our team. Let us continue to support one another, celebrate our diverse talents, and push the boundaries of what we can achieve together.

Thank you for your continued support and readership.

Warm regards,
Anchal Chhabra
