WHAT IS THE CORVETTE INVASION?

*The Corvette Invasion started in Austin, Texas in 2013. It all began when Steve Pond of Houston contacted Shawn Jones of Austin and discussed getting their corvette clubs together for dinner. Shawn organized the event at the local restaurant on Lake Travis. What started out as a couple of clubs getting together, quickly grew to a large event including over 300 Corvettes owners coming out and showing their support. In only a few years, the event has tripled in size and continues to grow making this the **Largest Corvette Car Show in Texas!***

This year we plan to INVADE the City of Bastrop Texas where we will have hundreds of Corvette owners from all across the United States, Vendors, Live Music, and Guest Speakers.

Vendors will be in Convention Center on Friday and Saturday. Then on Sunday we will have a large Corvette caravan to the Circuit of the Americas, there we will INVADE the Cars and Coffee event before we do parade laps on the only F1 track in the Country
