Digital Media Academy

DMA Vancouver Scholarship Program 2022

INTRODUCTION

Digital media Academy has partnered with Halfmoon Education, greater Vancouver's Exclusive Licensee for DMA, to support talented young learners to level up their tech passion as it has been since its origins, in 1999, on the campus of Stanford University.

Founded to provide technology education to K12 teachers and develop technology immersion courses for students, in 2002, the Academy for New Media became Digital Media Academy and greatly expanded its technology education programs and operated in the most prestigious universities: Stanford University, Oxford University, NYU, UPenn, U Chicago, U Washington, UCLA, UC San Diego, UBC, U Toronto, and others. Since then, Digital Media Academy has delivered applied technology education to over 500,000+ students in 1,100+ schools in 125+ countries online and in-person.

Digital media Academy offers a holistic vision and methodology to amplify and take the student's skills to the next level in various learning pathways including Computer Science, Robotics and Artificial Intelligence, Music Production, Creative Design, Game Development, Digital Storytelling and Entrepreneurship. The same courses presented by Digital Media Academy for over 20 years at the most prestigious universities in North America.

ABOUT THE SCHOLARSHIP PROGRAM

Committed to bringing high educational standards to families, and under our ideals that professionalism makes a difference, this partnership is based on the strong belief that DMA's excellence in Tech Camps should be available to kids regardless of their means to afford them.

That is why 10 of $1000/e scholarships will be awarded to selected talented students or students who have financial challenges and 2 FULL scholarships to Indigenous students worth 2,000/e to join one of the 2022 Summer Tech Camps of their choice.

To be eligible, student should comply and complete the requirements specified in the application Instructions:

Digital Media Academy

DMA Vancouver Scholarship Program 2022

APPLICATION INSTRUCTIONS

- Fill up the Application Form: https://forms.gle/tXxrU2ZygkRAfYiv7

- A personal cover letter: in no more than one page, please state which UBC camp are you interested in and provide a reason/s why you think you are a good candidate for the scholarship.
- Your most recent school report card.
- If applying for Indigenous peoples Scholarship, please provide status card, or photocopy of a community membership card, or official letter from a community member sponsor.
- Links to any digital media work, creation or portfolio (optional) that will help the committee decide on scholarship awarding to talented applicants.

Application Deadline: **June 15th, 2022**
Scholarship recipients will be announced on **June 20th, 2022**

TERMS AND CONDITIONS

One scholarship can only be applied to one currently offered DMA UBC Tech Summer Camp 2022 courses fee, excluding any hardware and software cost required for the specific course. No cash value. Camp course is subject to availability. Scholarship recipients are not guaranteed a spot in a course due to capacity limitations.
Only valid for in-person UBC location Summer Camp and not for any virtual learning courses.

The scholarship program is administered by Halfmoon Education, DMA Greater Vancouver Exclusive Licensee, and sponsored by Halfmoon Foundation, a BC registered non-profit society, sister organization to Halfmoon Education. All scholarship awards are assessed and determined by a confidential Halfmoon Education, Canada scholarship committee. All information, personal and financial is kept secure and confidential and is not shared with any third parties. Only One application per family.

All the application materials (other than the online filled application form) should be sent by email to: vancouver@digitalmediaacademy.org

Please write the applicant's full name + 2022 UBC Camp Scholarship Application in the email subject line.

ABOUT THE DMA 2022 UBC TECH SUMMER CAMPS

UBC Tech Summer Camp courses cover several different learning pathways aligned with leading international instructional standards.

Find the path that's right for you!

DATES

- Jul 04 2022 - Jul 08 2022 (8 Courses)
- Jul 11 2022 - Jul 15 2022 (11 Courses)
- Jul 18 2022 - Jul 22 2022 (9 Courses)
- Jul 25 2022 - Jul 29 2022(10 Course)

COMPUTER SCIENCE
Discover how to program. Students will explore fundamental programming concepts and use these to create a basic app. Problem-solve like a computer scientist and code like a software engineer.

ANIMATION
Discover how animators at Pixar, Cartoon Network, and Disney produce animated cartoons and movies. Use the same software as industry pros.

MUSIC PRODUCTION
Develop the music theory essentials that turn basic tracks into great song. Join us for the essential first steps for any budding music producer and create your first beats.

ROBOTICS
Develop the music theory essentials that turn basic tracks into great song. Join us for the essential first steps for any budding music producer and create your first beats.

CREATIVE DESIGN
Take your skills from paper to digital, understanding the principles of drawing, perspective and composition. Apply industry-standard techniques.

ENTREPRENEURSHIP
Your journey to becoming one of tomorrow's great business leaders launches here. Define your vision, generate business ideas and embody the characteristics of an entrepreneur.

DMA Vancouver Scholarship Program 2022

GAME DEVELOPMENT

Students become creators of digital media rather than just consumers. Everyone loves a good game and creating those games is more exciting than ever for our students. Design and code your own 2D and 3D games!

DIGITAL STORYTELLING

Learn and share top thematic styles utilized by social video content creators across platforms. Students will learn the methods used by creators to publish different types of video and photo content to social networks.

ARTIFICIAL INTELLIGENCE

Get ahead of this trend by learning how the machines that will do those jobs work! Students will create their own artificial intelligence.

ABOUT UBC - TECH SUMMER CAMPS LOCATION

Founded in 1908, the University of British Columbia has grown to be a global leader in scientific research.
UBC is Canada's largest university with more than 54,000 students and is rated as one of the world's top universities. UBC's unique campus is located near the ocean, several incredible beaches, and the forests, also known as the UBC endowment, on the traditional, ancestral, and unceded territory of the Musqueam people.

Our UBC camp is located in the brand new student center, the NEST.

University Of British Columbia

The Nest is the finished product of a seven year process to build a bigger, better, and more environmentally-friendly space to meet the needs of UBC students.

As it became a tradition of every year, DMA Summer Camp 2022 will once more, have its sessions at this magnificent building.

DMA Vancouver Scholarship Program 2022

WHY DMA TECH SUMMER CAMP?

By joining a Digital Media Academy Camp you will have the opportunity to access instructors and curriculum normally reserved for university campuses like NYU and Stanford, mixed with the chance to experience life in a university environment.

You get to participate in fun activities where you can make friends and meaningful connections.

Certified by ISTE, DMA Tech Camps courses are designed and taught by world-class instructors who are also experts in their field. With an emphasis on student-centered, future-proof learning.

Tech Camps offer unparalleled exposure to industry-standard software and processes, and enable participants to build connections with industry professionals.

Each Tech Camp program is one week long, with camps running all July.

All young learners who complete a Tech Camp or academy receive a DMA certificate of completion acknowledging their accomplishments. Outside of your course-specific lesson times, you will have the opportunity to tour the beautiful University of British Columbia campus and gain a better understanding of life after high school.

DMA's methods and results have been studied and endorsed by research departments from universities, independent education associations, and global brands.

Tech Camps are DMA's flagship learning experiences that have been developed and have been delivering by DMA for 20+ years.

Each course is infused with hands-on, project-based learning, designed to equip students with 21st-century technology skills!
