

# Atwood Lake

## Boating Information

Wolcottville, IN  
Atwoodlakeassociation.info

### Welcome to Atwood Lake!

Whether you are new to our lake or a long-time resident, we hope you find the following information helpful.

---

Our Website: [atwoodlakeassociation.info](http://atwoodlakeassociation.info)

Our website is very informative for events, details about our association, meeting information and important links along with a chat feature for you to be able to send questions to our board members.

Please use the chat feature to report any lost or found items and we will post them for you.

---

### **Atwood Lake is a 170-acre 10 mph fishing lake.**

Fishing licenses are required and can be purchased by visiting the Indiana Department of Natural Resources at:

<https://www.in.gov/dnr/fish-and-wildlife/indiana-fish-and-wildlife-online-license-system/>  
Individuals (residents and non-residents) under the age of 18, born before April 1<sup>st</sup>, 1943, or those who are legally blind are exempt from the license requirement.

Please note that being a 10 mile an hour restrictive lake does not mean our lake is a 'no wake' lake. For a small lake like ours, going 10 miles an hour will put off a wake.

The following URL is an example of what that looks like on a larger lake.

<https://www.youtube.com/watch?v=HuyORlujJBY>

We understand that many of our boats do not have an MPH gauge, but there are apps that can be downloaded to test your boat speed.

We ask that everyone is respectful to our swimmers, fisherman and lake residents.
