

I received the attached email from Kelly Smith today. In the past, many property owners in Tenaja Community Services District has shown interest in the Nevada Hydro LEAPS.

The reason for the notification is to inform you of the meeting scheduled August 14, 2019.

Attached is the email from Ms. Smith.

TIME TO ACT - POWERLINES PLANNED NEXT TO PLATEAU!

Kelly Smith <ksmith@lacresta.com>

Wed 7/31/2019 9:56 AM

To:

**PROPOSED POWERLINES THROUGH
THE FOREST NEXT TO THE
SANTA ROSA PLATEAU**

Nevada Hydro's LEAPS project is a very serious threat to our safety and livelihood here on the Plateau. It again proposes an energy-generation station with giant above-ground powerlines on the edge of our community.

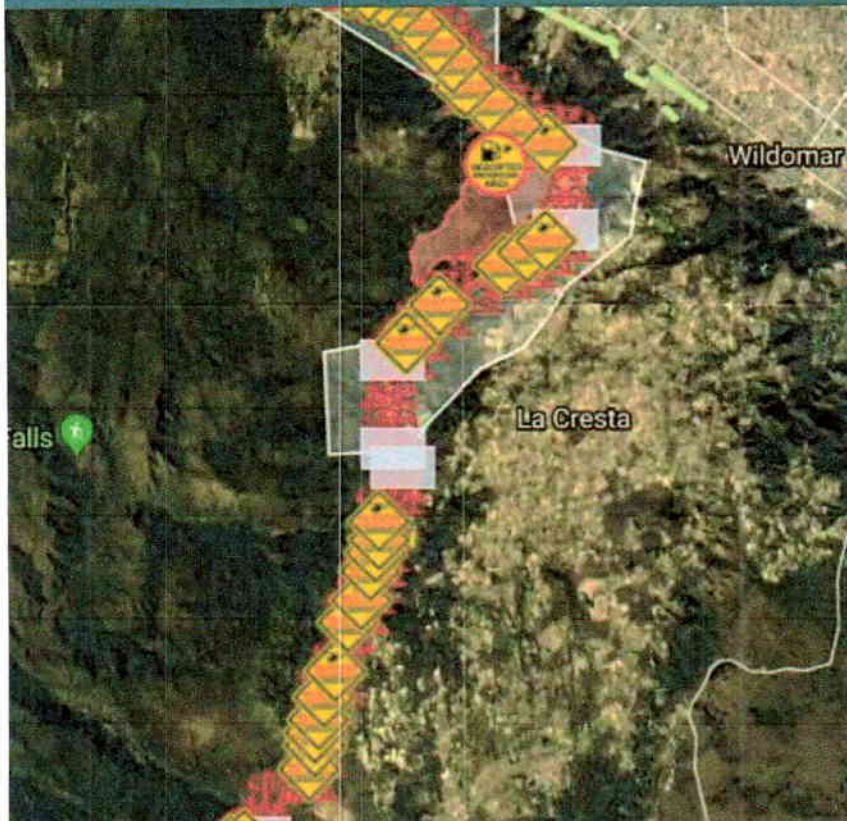

The time is NOW for this community to be **LOUD, CLEAR and GALVANIZED** collectively opposing this dangerous project. Apathy is the enemy. This will happen unless we all make ourselves heard.

Please plan to attend the upcoming meeting:

**Wednesday, August 14th @ 7pm
Lakeland Village Community Center
16275 Grand Avenue
Lake Elsinore**

Proposed Lake Elsinore Advanced Pump Storage facility

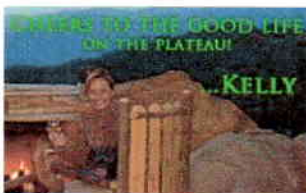

Proposed Powerline Route:

<https://stopleaps.info/power-line-map>

From Lake Elsinore, along Calle de Lobo just on the forest side of our property boundaries, along the forest boundary at Via Sereno, up and over the mountain along the Tenaja border.
