# ABOUT US

**RIG REPAIRS INTERNATIONAL** has been operating throughout Africa for over 14 years and has gained a strong foothold in the fabrication, Oil and Gas and service industry. This is cemented by the ISO 9001-2015 certifications RRI has acquired, ensuring that customers get accountability, a quality product, service and traceability.

The company's management and staff it employs are very experienced in working successfully in the difficult and sometimes challenging environments found in the African oil and gas and offshore marine industry.

We offer the best support possible in the industry from a company that works to the highest standards and understands the practicalities and necessary requirements for working in Africa - RIG REPAIRS INTERNATIONAL is a company with a proven track record.

## **WORKING IN THE COMMUNITY**

RRI is fully committed to working with the community it has set itself in, this has meant training over 600 local people and changing the lives of the people in a range of disciplines, skills and trades. It has brought about significant change and helped to improve the lives of those who work for the company. By providing training, education and employment for people from the community in which it is based RRI contributes meaningfully towards local content goals and targets.

## **HEALTH AND SAFETY – ISO 45001: 2018**

RRI have dedicated Health and safety officers permanently employed to ensure that the client, RRI and the workers are all protected from the risks of our industry. We operate a strict HSE policy that is alongside our clients.

Working extensively in West Africa we have a long and successful safety track record. From Cameroon alone we have achieved 1943 days without incurring any LTI's.

## **ENVIRONMENTAL CONSIDERATIONS – ISO 14001: 2015**

RRI work closely with the environmental agency in its location and have carried out various impact studies to show we are protecting our environment as we work.

## **SPONSORSHIP**

Rig Repairs International are a proud sponsor to James Flitcroft in the Spanish Supermoto championship. RRI believe in developing our youth and given them the opportunity to achieve their dreams.

## **MALARIA AWARENESS**

Rig Repairs International has been involved in a number of malaria awareness projects. We believe in giving back to the community and the rest of the world. We believe in educating people about the seriousness of malaria and coming together to prevent further infection. We have also contributed to numerous charity projects, with "Drive Against Malaria" being one of the largest organizations we support.
