Your silence is deafening and implies that you did advise the other deputies but not me. All three of you are cowards and the people of Goodhue County deserve better. You should probably contact the County's legal team/lawyers as I will likely be filing several lawsuits against you and the county due to this and many other ways you have been persecuting your political opponents...seems almost just like people like you are doing to Trump right now but on the national level. Have a great weekend.

I'll ask again...were the rest of the deputies/employees advised of their ability to purchase these in a timely manner?

Marty,

I already tried...Kiesler did a trade with you back in August and Classic Firearms in North Carolina bought it from Kiesler in December and Classic Firearms said they can't track down specific firearms/can't guarantee it would be the same one.

It was sold back to the Streickers over a year ago. Feel free to reach out to them to see if they still own it

Some people who received this message don't often get email from josh.stehr@hotmail.com. [Learn why this is important](#)

I have been unsuccessful in tracking this item down as it has changed hands several times. Were other employees afforded and/or advised of the opportunity to purchase these as had been done in the past?

To Whom It May Concern,

I am interested in purchasing my duty firearm...the 9MM Glock I carried for many years which has a lot of sentimental value to me...when you swap out our old duty weapons for new ones.
