

STOP AI-POWERED SCAMS

A familiar voice, polished email or perfect logo is no longer proof. Verify the request - not the performance.

COMMON BAIT

- ! **Changed payment instructions**
- ! **Fake invoice or vendor portal**
- ! **Urgent executive request**
- ! **Password or MFA reset**
- ! **Voice message asking for money**
- ! **Threatening review or complaint**

THE 5-STEP VERIFICATION PAUSE

1

STOP

Do not click, pay, transfer, reset or share a code under pressure.

2

SWITCH CHANNEL

Leave the email, text or call. Use a trusted channel you initiate.

3

USE A KNOWN CONTACT

Call a saved number or a number from an approved vendor record.

4

VERIFY DETAILS

Confirm the request, amount, account change and authorizer.

5

DOCUMENT & ESCALATE

Preserve the message and alert the person responsible for security or payments.

SCAM-RESISTANT WORKFLOW REVIEW

Build verification into the payment and access workflow before the urgent request arrives.
