What is coaching? According to the ICF description of coaching, coaching is a partnership (defined as an alliance, not a legal business partnership) between the Coach and the Client in a thought-provoking and creative process that inspires the client to maximize personal and professional potential. It is designed to facilitate the creation/development of personal,

professional or business goals and to develop and carry out a strategy/plan for achieving those goals.

What is considered as a 'fee'? A fee, is the agreed amount of money you will pay the coach in exchange for the coaching service outlined in this AGREEMENT.
