

Dunay Associates New Website is Live!

21 March 2018

Today Dunay Associates has launched its new website, <https://dunayassociates.com>. Though we liked our old site we were forced to move it to a new hosting service. Rather than just copy paste the old site we decided it was time to modernize it.

Our publisher clients will be able to keep up with important company happenings as well as industry news highlights. Our shared advertiser clients will have those same resources plus be able to access media kits from our publishers 24/7 whenever they want.

The plan here is to make it more engaging and less static than the former site. It will be a useful platform for us to engage with both our publisher clients and our shared advertiser clients. The modern relaxed texture of the site coupled with its easy navigation will provide a much better user experience.
