

APRIL 25
10am – 4pm
COXHALL GARDENS

THE COXHALL GUILD

Kite Festival

Join the Coxhall Guild and the Hoosier Kitefliers Society for the 2026 Kite Festival and workshop. Guild volunteers will help the first 300 guests build a simple sled kite between the hours of 10 am and 2 pm. We will also have pre-made kites ready for decoration while supplies last. Children under 12 must be accompanied by an adult.

HKS members from around the region will fly a wide variety of kites in a professional kite flying demonstration and Professor Steve will present his amazing “Science of Color” show at 11:00 am and 1:30 pm. Visit coxhallguild.com/kite-festival for details as they become available.
