Your appliance must be over 5 years old to be metered.

**You must have a working appliance to qualify for replacement.**

The electric bill needs to be in the name of the person applying for replacement.

**This is an energy efficiency program, not a free appliance program.**

**If your appliance is already energy efficient, and passes the metering test,  
we will not replace it.**

If you are not working, and have no income, you will need to sign a notarized  
declaration stating such.

**All persons aged 18 years and older must provide proof of

# COMMUNITY DEVELOPMENT SERVICES

Community Development Services was formed in 1979 as Neighborhood Conservation Services of Barberton, to help preserve & restore homes in the City of Barberton.

As we've grown over the years, so has our service area. Beginning in 2012, we started serving all of Summit County with our Energy Savings Program in conjunction with First Energy & The Ohio Partners for Affordable Energy. We help over 500 people a year save money on their electric bill, which is great for them and even better for the environment. We pair this with several other programs we provide throughout the year.
