Color Sudoku

Solve the puzzle by making sure each column, row, and block all have four colors (red, orange, blue, green). Use the correct color crayon to color in the empty squares.

- Each column must have all four colors without using the same color twice.
- Each row must have all four colors without using the same color twice.
- Each block must have all four colors without using the same color twice.

Answer sheet attached.

	Blue	Green	
Orange		Blue	
	Red	Orange	
	Orange	Red
