ABECEDARIO/ ALPHABET

VOCALES/ VOWELS

A E I O U

- Unlike English, each Spanish vowel has only **one** sound
 - whether the vowel falls at the beginning, middle or end of a word
 - they keep this same sound whether stressed or unstressed

a as in apple – not as in April

e as in pet – never as in Pete

SPANISH VOWELS

Vowels in Spanish are similar to the English short vowel sound – they are pronounced with a more relaxed mouth and make a softer sound. Their sound is always the same no matter which consonant is before or after it.

A/a – ah

E/e - eh

I/i - ee

O/o - oh

U/u - oo
